REVENUE DEPARTMENT,
FORT ST. GEORGE,
21st January 1868.

No. 157.

No. 312.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

Local Funds, No. 8.

Civil Works.

1. In reply to your letter, dated
12th December 1867, No. 1,168A, I am
directed to state that this Government

would deprecate most strongly any proposal to transfer from Imperial to General
Local Funds the expense now incurred by the State in the maintenance of stage
bungalows for the convenience mainly of European travellers.

2. The term "Local Funds" is of somewhat wide application, and it is not
clear to what "report" your letter refers; but the Government cannot conceive that
any item in the Local Funds of this Presidency can have been supposed applicable
to the purpose, other than the District Road Fund or the Charity Endowment
Fund; the former is almost entirely derived from a cess on Ryots' holdings for
a specific purpose immediately beneficial to themselves, and the proceeds are
declared by Law applicable exclusively to the repair, maintenance, and construction
of roads in the district in which the cess is raised; the latter is a Trust Fund
derived from private benefactions and the contributions of former Governments
for individual charities, and cannot be alienated to any other object.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) W. HUDLESTON,

Secretary to Government.

Fort William 12th December 1867

Sir,

I am directed to acknowledge receipt
of your letter N^o 2669 dated 12th November 1867,
and in reply to inform you that the Governor
General in Council is satisfied with the measures
taken by the Government of Madras to reduce
the charges on and increase the receipts from
Travellers Bungalows in the Madras Presidency.

2. But I am at the same time to say
that it seems a matter for consideration as
to whether Local funds should not bear the
extra

extra charge occasioned to the State by the
maintenance of these bungalows. The re-
port of the outlay from Local funds dur-
ing 1866/67 shewed that there was about
one and 3/4 lakhs of rupees underspent, and
as the annual income from them averages
about 21 lakhs, and is likely to increase,
I am to ask whether the Government of
Madras has any objection to offer to the
transfer of charge above suggested.

I have the honour to be,
Sir,
Your most obedient servant,

W. Dickins, Colonel R.A.
Secretary to the Government of
India.
