REVENUE DEPARTMENT,
FORT ST. GEORGE,
22nd January 1868.

No. 173.

No. 346.
To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Sir,

Miscellaneous.

1. I am directed to request that you will, with the permission of His Honor the Lieutenant-Governor, furnish this Government with full information regarding the "Wards' Institution" alluded to in the Despatch from the Right Honorable the Secretary of State, dated 30th September 1867, No. 26, copy of which is herewith forwarded.

2. I am to suggest that if it is not very voluminous the important portion of the correspondence having reference to the origin and establishment of the Institution, and the annual reports on its progress may be forwarded to this Government. The chief point on which information is much sought, is the source or sources from which funds are obtained to maintain the Institution.

3. This Government will also be glad to learn if much opposition has been met with from the relations and friends of the Wards in bringing them from their respective estates, and if so, what steps have been adopted to discountenance it, and whether the feeling still exists. Also, whether the ultimate results of the system, as regards the minors themselves, have proved satisfactory, or whether they have, on attaining their majority, generally subsided into absentee landlords, and been alienated from their estates and from the people from whose payment they derive their income.

I have the honor to be,
Sir,
Your most obedient servant,
(Signed) W. HUDLESTON,
Secretary to Government.

Sir,

2. I am to suggest that if it is not very voluminous the important portion of the correspondence having reference to the origin

of the Institution, and

its progress may be
forwarded to this Govt.
The chief point on which
information is wished to
sought, is the source or
sources from which the
funds are obtained
to maintain the Institu-
tution. —

3. This Government
will also be glad to
learn if much opposi-
tion has been met
with from the rela-
tions and friends of
the wards in bringing
them from their
respective Estates,
and

and if so, what steps
have been adopted to
discountenance it,
and whether the
feeling still exists. —

Also what the ultimate
result of the system as
regards the Minors &
Law generally is likely
to be when they come
attaining their majority
Supposing the subsidies
in Estates abstracted from
their Estates & from
the people from whom
pay to they derive their
income.

I don't believe we can
carry out the system
here. The Zemindaries
are very few & very small
as compared with Bengal.
