Madras Railway Company dated London
the 1st May 1868. No. 413.

Para 9 Your letter of the 16th of
March in reply to the Board's enquiries
as to Mr Beresford Anderson's qualifica-
tions for the Office of Chief Engineer
having been quite satisfactory, confirming
the opinion arrived at from the
gentleman's past services and from
enquiries which the Board were enabled
to make in other quarters, it has been
resolved to appoint Mr. Anderson
Chief Engineer of the Railway in the
room of Mr Smart, whose engagement
has been terminated. The Board make
this appointment in the full confidence
that the same ability, firmness and
zeal for the Company's interests which
under trying circumstances Mr Anderson
has displayed will enable him, with
your steady support, to overcome success-
fully the difficulties entailed by his
predecessor's proceedings and to secure
as satisfactory and speedy an execution
of the existing contracts as their
condition permits. His engagement
will be for four years at a salary of
£ 2000 per annum to take effect from
this date. A form of agreement for
execution by Mr. Anderson is forwarded
herewith, and he will have to give
security in the amount of £ 2000 in
lieu of the old bond. We have applied
