*Proceedings of the Madras Government, Revenue Department,
19th December 1867.*

No. 360. Read the following Despatch from the Right Honorable the Secretary of State for India, (Revenue,) to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 8th November 1867, No. 34 :—

1. I have had under my consideration, in Council, the Despatch from your Excellency in Council, numbered 54, and dated the 26th of August last, in which I rejoice to find that you are able again to report that the improvement in the Meloor Talooka, in the Madura District, noticed in my Despatch No. 24, of the 2nd of August, had continued.

2. I regret to observe from the letters of the Collector and of the Officiating Superintending Engineer, that much of the late distress might have been avoided had more money been timely expended on the minor irrigation works of the district, independently of the greater project which is still under your consideration, and on which I hope soon to receive your views.

3. I trust that you found yourselves able to assign the further grant which the Superintending Engineer said that he should be able to use to advantage.
