*Proceedings of the Madras Government, Revenue Department,
29th January 1868.*

No. 492. Read the following letter from the Officiating Conservator of Forests, to the Secretary to Government, Revenue Department, Fort St. George, dated Camp at Cuddapah, 23rd January 1868, No. 498 :—

With reference to the Order of Government No. 1,576, of the 16th of July 1867, I have the honor to inform you that I have inspected the small experimental Chinchona plantation on the Nallay Mallay mountains, which is at an elevation of about 3,000 feet. Mr. Sheffield brought up fifty-six plants of good size and vigorous growth from Ootacamund, of these some ten or twelve dried during transmission, or when transplanted, but the remainder are now looking very healthy and are growing well, and every care is being taken of them. I have, however, great doubts if we shall be able to save them through the hot weather. A further report will be submitted in July next.

No. 493. ORDER THEREON, 29th January 1868, No. 244.

Miscellaneous.

Communicated to the Superintendent
of the Government Chinchona Plantations.

(True Extract.)

(Signed) W. HUDLESTON,

Secretary to Government.

To the Superintendent Government Chinchona Plantations.
,, the Board of Revenue.
,, the Agri-Horticultural Society.
,, the Officiating Conservator of Forests.

Exd. F. R. Bantleman.
