MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Secretary to the Government of India, Military Department, Fort William, 9th January 1868, No. 384; to the Chief Commissioner, Central Provinces.

In reply to your Secretary's letter No. ⁵⁵⁸⁴/₄₂₁, dated 26th November last, I am directed to acquaint you that, whilst appreciating the full weight of the grounds on which you naturally desire to prevent, if possible, the march of troops, whether European or Native, through districts in which cholera may be reported to exist in a more or less active state, the Right Honorable the Governor General in Council feels that the best way of dealing with the difficulty will be to communicate fully, and in good time, with the Government of the Presidency to which the troops about to march through infected places may belong; as it alone can know all the inconveniences which may result from any alteration of intended movements, and adopt any necessary measures for rendering that inconvenience as little as possible.

2. It may not always be practicable to avoid running the risk adverted to; but His Excellency in Council is satisfied that the Governments of Madras and Bombay will always give any representation of the kind which you may deem it advisable to make their most earnest consideration, and do all that circumstances permit to meet your wishes.

No. 385.

Copy of the above forwarded to the Secretary to Government, Fort Saint George, Military Department, for the information of the Right Honorable the Governor in Council, with advertence to the message from the Chief Secretary to Government, Madras, to Chief Commissioner, Central Provinces, dated 19th November.
