*Proceedings of the Madras Government, Revenue Department,
29th January 1868.*

No. 506. Read the following Proceedings of the Board of Revenue, dated 24th January 1868.

Read the following letter from the Collector of the Madras District, to the Secretary to the Board of Revenue, dated Sydapet, 22nd January 1868, No. 20 :—

1. No change has taken place in the season since the date of my last report. Prices have risen but very slightly, as will be seen from the enclosed list.
2. The markets are reported to be not so well supplied with food-grain as in the previous week.
3. Fever, dysentery, and small-pox are the only sicknesses that are said to prevail.
4. Cattle disease is reported to be on the decline in the talook of Madurantakum. In other places it is as in last week. Strict orders have been sent to segregate the diseased from the healthy cattle.
5. As pasture is fast disappearing, I have, at the urgent request of the Special Assistant, Mr. Turner, and the Tahsildars generally, given permission for the Shavi to be grazed off in all cases where the authorities are satisfied that it is so.

Submitted for the information of Government.
