*Proceedings of the Madras Government, Public Works Department,
23rd January 1868.*

No. 473. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 31st December 1867, No. 154:—

1. Item No. 310, of the Imperial Budget of 1867-68, provides a sum of Rupees 3,667 for repayment to the Malabar Local Funds of a loan for bridge-work at Cochin, authorized in Revenue Department, G. O., No. 465 of 21st February. But from the Controller's printed Appropriation Return of 1865-66, it appears that the expenditure in question was debited against Imperial Funds without any special intimation of the same being made me. The sum is, therefore, available for transfer.

2. A sum of Rupees 984 is also available out of the Reserve grant of Rupees 2,500 for completing the Vodai bridge at Erode, sanctioned for construction with brick arches in G. O., No. 1,811 of 29th June 1865, at an estimated cost of Rupees 8,500, but actually built with timber spans on an estimate of Rupees 6,265, on which again a saving of Rupees 634 has been effected. I am to blame for not having submitted the revised plan and estimate for the approval of Government soon after I ordered their substitution for the sanctioned papers on my further inspection of the site and inquiry as to materials in June 1866. And I can hardly account for my oversight, of which I remained unconscious till my subsequent visits to Erode in the current official year.

3. I have now the honor to propose the following appropriations of the sums above named, and aggregating Rupees 4,351, viz:—

Re-construction of the Ellatoor bridge on the coast road in		RS.
Malabar	...	3,451
New Burghoor Ghaut	...	1,200

4. The former of these works is one on which a sum of Rupees 4,031-10-5 was spent from Local Funds in 1866-67, on the sanction of G. O., No. 3,598 of 13th November 1866, and the latter is a work the existing allotment of which (Rupees 5,000, Item No. 270 of 1867-68) is insufficient; moreover, it is from the maintenance allowance of that line of road that was supplied under the G. O., above quoted, last year's expenditure of Rupees 4,105 on Vodai bridge, which connects it with the Railway station at Erode.

No. 474. ORDER THEREON, 23rd January 1868, No. 245.

ACCOUNT, No. 53.

From	To	RS.
1. Item No. 310 of Budget.	Re-construction of Ellatoor bridge in Malabar	3,451
	New Burghoor Ghaut	216
2. Vodai bridge at Erode, see G. O. No. 1,494, dated 17th May 1867.	New Burghoor ghaut...	984

2. The first of these transfers will be subject to the confirmation of the Government of India.

*Proceedings of the Madras Government, Public Works Department,
23rd January 1868.*

3. The plan and estimate for the re-construction of the Ellatoor bridge, which were called for in G. O. of the Revenue Department, under date the 3rd November 1866, No. 2,986, not having yet been submitted, the Superintending Engineer will be requested to lay them before Government without delay.
