*Proceedings of the Madras Government, Revenue Department,
31st January 1868.*

No. 546. Read the following Proceedings of the Board of Revenue, dated 27th January 1868:—
Read the following G. O., Revenue Department, dated 22nd January 1868, No. 183.

1. The Board observe that a sum of Rupees 62,049 is shewn in paragraph 24 of the Board's Proceedings, dated 7th October 1867, No. 6,399, as the expected surplus balance of the Canal Fund on the 1st April 1868.

2. From the Budget for the Canal Fund Works, submitted to Government with the Proceedings quoted above, it will be observed that a provision of Rupees 24,000 on account of "Construction of Canals," is made, but Mr. Fraser, the Executive Engineer, has lately submitted an estimate, amounting to Rupees 2,510, for widening portions of the Northern Canal at Jonagapoliem at Cusbah, which will be shortly laid before Government. This sum deducted from Rupees 24,000 leaves an unallotted amount of Rupees 21,490. This added to the expected balance of Rupees 62,049 makes a total of Rupees 83,539, which may be looked upon as available for expenditure during the remaining portion of the current year.

3. The Board see no objection to the whole, or any portion of the last-mentioned amount being spent on the extension of the canal from Dugarazpatam northwards.
