Dear Sir

I respectfully beg to address
the following few lines humbly hoping
that they will meet with your favor-
able consideration.

I entered the Coast Service in
1850 in the Sloop District & after de-
filing the various offices of Junior
Surgeon, Junior & Senior Assistant
I was raised to a full ship's
of the 24th Dec on the 29th Sept 59, the
in which I have discharged the va-
rious duties assigned me
efficiently & satisfactorily & have re-
ceived the approbation of all the gentle-
men I served under. I have thus
remained in this grade for upwards
of 9 years without promotion, the only

Those who were appointed on the same
date with me & subsequently to
have been promoted.
I beg to refer you to the Recd. of Com.
dated the 8th Sept 1865 No 2139 &c.
-proposing that my claims to promotion
will be only considered when vacant
occurs. I have since acted in the
3rd grade for several months. I re-
spondents call my case to Mr. Hudson
in April last upon which, I have
been given an increase of 100 Rs in
the allowances. Deft in teaching
but as the allowance is not as
good as regular promotion I beg
you will be pleased to take into
your kind consideration my claim
to promotion in making arrangements

he is a good man

transact the busi-

as possible would
let him be at all

nearest time.
I have had very
