Sir, In reply to the order of Government noted in the margin I have the honor to state that I regret the Plans and Estimate which I had not have been returned by Colonel Bean. I had gone over the Jail in company with the Assistant Engineer on the 11th June being eight days before the date of Colonel Beans letter by which time the Cook room was nearly finished and most of the other buildings in a forward state. The only remark made by Colonel Bean regarding the Cook room was to the effect that Lieutenant Brookman appeared to intend to build a Cook room round the well which he, Colonel Bean thought unnecessary and an

An unusual design for such building.
It seemed to me as convenient and
arrangement as the space would
admit of, and as I have already
mentioned it was almost finished
at the time of my visit.

The buildings are now nearly
complete with the exception of the
kitchen, but, there are one or two
matters still to be attended to viz
Drainage. Arrangements should be
made for carrying the rain fall out
of the jail at some point where it will
not pass under the Ward or the
Hospital.

Guard Room. This requires trifling
repairs, and also to be thoroughly cleaned
and whitewashed.

Store Room. A new door is required
with lock and bolt. It ought also to
be fitted with shelves and to be cleaned
and whitewashed.

Ward

Ward for contagious diseases.
Shutters are required for the windows.
Gates. A solid wooden gate is required
and should be put up where the present
gate now is. The old gate should
be repaired and put up on a line
with the inner walls of the Guard
and Store rooms.

I have the honor to be
Sir
Your most obedient
servant
