Proceedings of the Madras Government, Public Works Department, 30th January 1868.

No. 623. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 30th December 1867, No. 151 :—

As sanctioned in G. O. No. 313, of 31st January 1867, the public bungalow at Coonoor has been converted into Offices for the Magistrate, Sub-Magistrate, Police and Postal Departments, &c. Since which, has been more than ever felt the want of a proper cart-road up that side of the station, on which are also situated seven private bungalows. A trace was accordingly laid out by Major Farewell and myself some time since, which I authorized him to open at the same time that Captain Law undertook the flood-water bridge at the head of the new Coonoor Ghaut, alluded to in my letter printed with G. O. No. 2,683, of 2nd September 1867, as the one work had to be laid out with reference to the other. I now find both well advanced, and have the honor to submit, for sanction, an estimate of Rupees 1,079 for the new road in question, for which I propose to provide funds by transfer of the only sums remaining available in the Coimbatore, Malabar, and Canara Districts, under the head of Minor New Works, viz. :—

From Coimbatore—Civil Buildings	...	...	...	Rupees	38
Agricultural	...	...	...	,,	500
,, Malabar—Civil Buildings	...	...	...	,,	264
Communications	...	...	...	,,	120

					1,079

No. 624. ORDER THEREON, 30th January 1868, No. 319.

CIVIL WORKS, No. 84.

As sufficient reason is not given for the construction of the road referred to in this letter having been undertaken without the sanction of Government, and as, moreover, no explanation is afforded of the grounds on which the owners of the seven private houses, which are stated to be so situated as to be benefited by the road, have not been required to contribute towards the outlay, His Excellency in Council must decline to accord sanction to the estimate of Rupees 1,079.
