Proceedings of the Madras Government, Public Works Department,
6th January 1868.

No. 60. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 11th December 1867, No. 1,372 :—

1. I have the honor to enclose an abstract estimate, amounting to Rupees 98, for work executed in excess of the estimate for the Latrine in the District Jail at Trichinopoly. The original estimate was sanctioned in G. O. No. 1,957, Rupees 1,000. dated 2nd July 1867, and the excess exceeds five per cent. on the amount of the original estimate, and is due chiefly to extra work carried out at the request of the Inspector General of Jails, or of the Jail Superintendent, as explained in the accompanying memorandum from the Range Officer.

2. The tarring of the wood-work is very desirable, and should have been provided for in the original estimate.

3. It has been pointed out to the Range Officer, that as the alterations involved an expenditure in excess of five per cent. on the estimate, they should not have been undertaken without a reference to Government.

4. Provision may be made for the Rupees 98 from a balance of the allotment for Minor New Works in the Trichinopoly District under "Civil Buildings."

No. 61. ORDER THEREON, 6th January 1868, No. 32.

ACCOUNT, No. 11.

The excess expenditure of Rupees 98 reported in this letter is sanctioned, but no additional allotment, in adjustment of that excess, is necessary under paragraph 90, Section 2 of the Manual of Public Works Accounts.
