*Proceedings of the Madras Government, Public Department,
22nd January 1868.*

No. 98. Proceedings of Government, dated 22nd January 1868, No. 82.

It has been brought to the notice of Government that in several districts the practice prevails of appointing to subordinate posts, on salaries below 20 Rupees per mensem, unpassed candidates, without inquiring whether there are persons who have qualified for the Public Service by passing the prescribed tests, and who may be willing to accept the lower appointments.

2. Without wishing unnecessarily to hamper Officers in their selection of candidates for subordinate offices, the Governor in Council desires to point out the injustice that is done to those who have proved their capacity for employment by passing the prescribed tests, in not allowing them the opportunity of entering the Public Service at an early age, and acquiring useful training in subordinate positions, until they can be promoted to higher and more lucrative appointments.

3. Heads of Offices are, therefore, requested to endeavour, by Notifications in their own and the neighbouring District Gazettes, to call attention to vacancies in the lower appointments in their respective offices, and thus afford an opportunity to passed candidates of offering their services.
