*Proceedings of the Madras Government, Public Works Department,
30th January 1868.*

No. 638. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Vellaur Anicut, 24th January 1868, No. 211 :—

1. The Executive Engineer of Bangalore has reported that the Military Authorities are anxious that the Cavalry Workshops on the Race Course, noted in the margin, should be put in hand at once, that they may be ready when the Lancer Regiment is moved to the new Barracks.

1. Regimental Workshop sanctioned in G. O. No. 2,731 of 1867. ...	5,900
2. Armourer's Workshop sanctioned in G. O. No. 3,075 of 1867 ...	5,400

2. For the Regimental Workshop Rupees 2,936 were granted in G. O. No. 3,139, of the 10th of October last. I have, therefore, directed the Executive Engineer to proceed with it, intending to include the balance of the estimate in my Statement of Savings and Demands. The other workshop also appears as much required, but I doubt whether funds for it can be conveniently provided this year, in addition to large sums required for several other important buildings, which it is intended to complete this year.

3. I can, therefore, only suggest that the Executive Engineer be authorized to commence the work at once, if the contractor is willing to undertake it on the condition that no payment is to be made to him before April.

No. 639. ORDER THEREON, 30th January 1868, No. 327.

ACCOUNT, No. 67.

The Government regret their inability to sanction any allotment of funds during the current year for the

Armourer's Workshop proposed to be erected for the Cavalry on the Race Course at Bangalore.

The Executive Engineer of Bangalore has reported, that the Military authorities are anxious that the Cavalry workshops on the Race Course, noted in the margin, should be put in hand at once, that they may be ready when the Lancer Regiment is moved to the new barracks.

2. For the regimental workshop, Rs 2936 were granted in G.O. N^o 3139 of the 10th of October last. I have therefore directed the Executive Engineer to proceed with it, intending to include the balance of the Estimate in my statement of savings and demands. The other workshop also appears as much required, but I doubt whether funds for it can be conveniently provided this year, in addition to large sums required for several other important buildings, which it is intended to complete this

ear.

I can therefore only suggest,
the Executive Engineer be authorized
to commence the work at once, if the contractor
willing to undertake it, on the condition
no payment is to be made to him
until April.
