Dear Mr Ellis

In considering my application for leave I find that if I had been forgotten yesterday as I had told it would have been a great convenience to me, & if I can now be forgotten as granted Sick Leave on June 30th I should be grateful, for, under the old Rules I get 500£ at home, under the New but 370£.

If there is no exception
to this arrangement, I
hope you will pardon
the trouble I am giving
you — I (wish to explain

original application
& I find meets the
case still.

Believe me
Yours truly
Harry Gordick

Memo for orders.

Mr. Goodrich's Lease application is dated 30th June - and must have reached my office on the afternoon of Tuesday. but as I was in Council till nearly nine o'clock - it remained unnoticed and went with other papers home.

By this accident Mr. Goodrich unless his lease is granted wholly will be seriously inconvenienced - under the old rules and if he had been gazetted on the 30th

June,

H would draw Smith on leave ~~with pay~~ 500£ per annum - under the new order Wh came in in June only yesterday. 370£ exceeds in consideration of inspecting the Burgher ~~Corps~~ Battalion allowance 200£ per annum, & only drawing 1000£ per annum at a late period of his service).

Under these circumstances and as Mr Goodrich's application

Should grant the leave retrospectively

N.

actually reached the Chief Secretarys office on the 30th I submit his leave may be gazetted as having granted on the 30th June. - as it would have been but for this accident

R.E

2nd July. 68.

I think we may comply with Goodrichs wishes

HG

× There is no objection to this being done under the very special circumstances explained by the Col Secty. I see, however, that two of the usual preliminary steps were omitted in order to win the race against the new Rules which come into force on the 2 July

Mr. Goodrich came down from Vizagapatam a few days ago to Madras with the intention of going to Australia for the benefit of his health - He brought no case with him as he was attended only by a draper, and he did not think of getting one from him - He has suffered from malarious fever for 2 years, having contracted the disease in the Khoond Jungly where his duty lay, and where he has resided during that time -

The attacks of fever have been lately more severe, lasting about a fortnight, at first showing the remittent type, and leaving him in the intermittent form - During these last attacks he has been for 10 days without the power of eating or retaining any food, and existed only on stimulants - He suffered at these times from severe pains in the back and loins, which he describes as rheumatic, but which were apparently only the ordinary pain attending fever - Latterly he has had diarrhœa; and dysentery too apparently, from his description of his stools -

His last attack of fever was ush-

suffering from a relaxed state
of bowels - I find him very much
emaciated, anæmic, and cachectic looking;
he has lost nearly 3 stone of his normal
weight; he has an enlarged and
hardened spleen; he has a tendency
to diarrhœa; and he is very weak
and appetiteless - I think he is so
unwell, and will take so long to
recover, that I have advised him
to go home rather than to Australia;
and I give him accordingly
this Certificate -
