*Proceedings of the Madras Government, Public Works Department,
30th October 1868.*

No. 659. Read the following letter from the Acting Inspector General of Ordnance and Magazines, to the Secretary to Government, Military Department, dated Fort St. George, 15th October 1868, No. 221. —

1. I have the honor to report that the Commissary of Ordnance, Fort St. George, has brought to notice that the Warrant and Non-Commissioned Officers, occupying the blocks of building on the western Esplanade, have expressed the great want experienced by them of godown or store accommodation.

2. This accommodation is absolutely required to enable the tenants to keep their fuel and articles for domestic use in safe custody and beyond the reach of Native servants. The cost of these supplies forms no small sum in the living of Warrant and Non-Commissioned Officers, and it is consequently very desirable that means should be afforded for protecting these supplies.

3. I therefore beg to recommend that Government sanction the erection of godowns. Accompanying is a plan prepared by the Executive Engineer, North Range, which will answer the purpose.

4. The building will, according to the estimate attached to the plan, probably cost Rupees 220 per block, or Rupees 3,960 for the eighteen blocks of buildings.

Transferred to the Department Public Works.

FORT ST. GEORGE,
20th October 1868.
