*Proceedings of the Madras Government, Public Works Department,
5th November 1868.*

No. 56. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Salem, 17th October 1868, No. 128 :—

1. I have the honor to forward, for the sanction of Government, the under-mentioned estimates for improvements and alterations to the buildings at Bangalore, which have been approved

by the Officer Commanding the Division and His Excellency the Commander-in-Chief :—

Constructing two Cricket grounds, one for Cavalry and one for Artillery	Rs. 1,000
Alterations to Sick Stables of Royal Artillery on the Race Course	525
Providing Venetian Shutters for certain buildings of Royal Horse Artillery	610
Providing Saddle Racks to Cavalry stables on the Race Course	866
Altering the old Infantry Barracks into Store-rooms for Commissariat	1,310
Total ..	4,311

The sick stables is a new building, in accordance with the standard plan. The additions and alterations proposed to be made to it, are in consequence of the building being considered too open and exposed for the treatment of sick horses, the dividing walls too low, and the slope of the stall too great.

2. I cannot suggest any transfer of funds to meet the cost of these works, but if an addition is made to the allotment of this year, the works can be carried out.

No. 57. ORDER THEREON, 5th November 1868, No. 3,458.

MILITARY WORKS, No. 4.

The Government approve of the estimates submitted with this letter, and grant authority for the works being proceeded with from the allotment under "Military" sanctioned in separate Proceedings.
