PUBLIC WORKS.

THE CONTROLLER OF PUBLIC WORKS.

Dear Sir,

Read

G. O., 11th November 1868, No. 82-83.

NOVEMBER.

No. 82-83

Military pay.—Permission granted passing to the debit of the Public Works Department, Serjeant Maile's Military pay for the period during which he was employed on the Madras Water Works project.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Controller of Military Accounts, Fort Saint George, 8th October 1868, E; to the Secretary to Government, Military Department.

I have the honor to submit, with reference to extract of Government Orders attached, which have not been communicated to this Department, an abstract of

Difference between Infantry and Engineer rate of pay, and compensation for rations for Serjeant Maile, Sappers and Miners, from 23rd March to 18th May 1868.
Rupees 41 8 6.

Public Works Department.
Proceedings of Government, No. 2538, dated 7th August 1868.

Lieutenant Hamilton, Acting Adjutant Sappers and Miners, as per margin claiming on behalf of Serjeant Maile the difference between Infantry and Engineer rate of pay, and compensation in lieu of rations while employed on the Madras Water Works project under the Order of Government marginally noted.

2. Military pay has been authorized as a charge against the Military Department in the Order of Government above quoted, apparently on the ground that Serjeant Maile was employed on the Madras Water Works project on the same terms as Corporal Pimm, who was previously so employed, and whose pay was drawn in the

Proceedings of Government, No. 966, dated 16th March 1867.

Military Department under the authority of Government specified in the margin; but I would respectfully bring under

observation that the cases are not similar, inasmuch as Corporal Pimm, prior to his employment on these works, was a student in the Civil Engineering College, and the Order of Government sanctioned his employment on the Water Works "without detriment to his position in the Civil Engineering College." This Department, therefore, considering that he was thus secured in the Military pay, family allowance, &c., of a student in the College, admitted them in continuation as a Military charge, the Controller Public Works Accounts having refused to take the charge in his Department.

3. Serjeant Maile, however, as will be seen from the letter* from the Acting Controller Public Works Accounts, was

*Recorded in the Order above quoted.

considered a "member of the regular establishment" (he having, prior to his employment on the Water Works, been employed as a Surveyor in the Department Godavery District), and as such entitled to pay at the Infantry rate only, which the Acting Controller reports "could be met, if sanctioned, from savings on the general allotment for temporary establishments" in that Department.

4. Government may, therefore, consider that the Military Department should not bear the charge of the pay, &c., of the Serjeant for any period during which his services were wholly and uninterruptedly at the disposal of the Public Works Department.

5. Pay at the Infantry rate has been passed for the above period to the Serjeant by the Paymaster Mysore Circle, and charged in his disbursements for August 1868. Objection will not be taken to the charge pending the final orders of Government on the subject.
