*Proceedings of the Madras Government, Public Works Department,
10th November 1868.*

No. 143. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Public Works Department, dated Salem, 21st October 1868, No. 135:—

1. With reference to paragraph 4 of the Order of Government of the 12th of October, No. 3,210, I have the honor to state that, owing to the slow progress of the end rooms of the Bakery, the Executive Engineer has been obliged to take the work out of the hands of the Contractor, and is now getting the building completed by another person. The Contractor has sent in a demand for payment, which is considered excessive by the Executive Engineer. Until the Contractor's claim is settled, it will not be advisable to hand over the completed portion of the Bakery to the Commissariat Department.

2. The plan and estimate for a new Slaughter-house were forwarded by me on the 19th October 1868.

No. 144. ORDER THEREON, 10th November 1868, No. 3,500.
