				(1)		(2)	(3)		

(1). This difference is caused by Controller showing in his accounts the expenditure of Western Delta at Rs. 14,994-11-2, while the Range Progress Report rendered to this Office shows the same to be Rupees 15,994-15-4, the difference being about Rupees 1,000.

(2). This difference, viz., Rs. 249, is the expenditure incurred in repairing Maharumpudy and Hukumpettava channels in No. 6 Range, from money paid by villagers. The outlay, therefore, appeared in the accounts of this Office under "Local Funds," and why this was added by the Controller to the outlay from Imperial grant is not known.

(3). As the Statement was prepared in December, the grant and outlay up to the 1st of that month was given for 1867-68.
