*Proceedings of the Madras Government, Public Works Department,
12th November 1868.*

No. 194. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaiswaram, 4th November 1868, No. 153 :—

Of the Rupees 30,000 grant for the Akeed Canal Project, Rupees 29,931 have been expended up to the 1st ultimo, and Mr. Randall reports that Rupees 20,000 to 25,000 more can be well laid out on this work before the close of the official year. In the Ellore Range, Mr. Andrews applies for Rupees 14,000 additional, for the cross drainage works on the high level canal. On the other hand, it appears probable that more than 35,000 Rupees worth of work can be done under the 50,000 Rupees grant for extension of irrigation in the Western Delta, and that, under the grant of the same amount for irrigation works under Ellore canal, probably not more than 30,000 Rupees can be expended. I have, therefore, the honor to apply for sanction of the following re-adjustment of grants :—

Budget No.		Budget.	Proposed.
		RS.	RS.
131	Extending Irrigation Western Delta	50,000	35,000
125	Akeed canal	30,000	50,000
128 & 130	Extending Irrigation Ellore canal	55,000	30,000
133	Cross drainage under Ellore canal	6,100	20,000
	Available for transfer to other Divisions		6,000

2. In the list of Extraordinary Irrigation Works, communicated with Proceedings of Government, No. 3,215, dated 12th October 1868, all the above projects are placed.

No. 195. ORDER THEREON, 12th November 1868, No. 3,526.
