G. O., 12th November 1868, No. 2,333.

Proceedings of the Madras Government, Judicial Department,

28th October 1868.

No. 210. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Fort Saint George; dated Bhowany, 10th October 1868, No. 130.

In submitting the revised estimates for the Police Hospital at Coimbatore called for in G. O., No. 2706, of 24th August, I have the honor to explain that the chief items of increase of their

amount over those first submitted are the cost of a compound wall, two gates and drains, and of a separate privy on Dr. Arnold Smith's plan.

2. By re-arranging the doors and windows, I have thought that the retention of two small bath-rooms in the back verandah might be rendered unobjectionable in so windy a station as Coimbatore. And I would recommend the use of asphalt in the Hospital floors, instead of brick on edge, as I understand that medical men prefer it, and the rate is but little in excess. In the dead-house an asphalt floor will be indispensable.

3. No time has been lost in making a commencement of the work, the wood work of which is already well in hand.

Referred to the Judicial Department, with reference to the Order in that Department, No. 1272, dated 13th August 1868.

FORT SAINT GEORGE,
15th October 1868.

Secy. to Govt., P. W. D.

No. 211. ORDER THEREON, 28th October 1868, No. 1650.

The Governor in Council approves and sanctions the plan and estimate of the Police Hospital at Coimbatore, submitted by the Superintending Engineer, 7th Division, with the letter above recorded.

2. In the plan of the dead-house, two windows should be added, as marked in pencil on the plan, to secure increased light and ventilation.
