G.O. No. 3541	Press
224-225	Mis.
Dated 13-11-	1868.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
13th November 1868.*

No. 224. Read the following letter from the Acting Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 26th October 1868, No. 392 :—

1. I have the honor to report that, on the 24th October 1868, I inspected the Indian Tramway Company's line between Arcunum and Conjeveram.

2. The line is in good order throughout, the wire fence is perfect, but the vegetable fence is in many places of no use; the Resident Engineer has promised to give the matter his attention.

3. The engine on which I rode was admirably driven by a Native driver, the locomotive was remarkably clean and well kept up, the rest of the rolling stock appeared to be in good order.

4. The stations and out-buildings were in a fit state.

5. Just outside the station ground at Conjeveram there is a pestiferous pond. In G. O., No. 2,659, dated 11th September 1865, "authority is granted for the pool "in question being made over to the cloth merchants of Conjeveram; but the "Collector will see that it is inclosed with a parapet wall, and that it is kept in "order and clean." There is now no wall round the pool, and the banks and water of the pool are very dirty. A plot of ground adjoining the pool, and attached to a traveller's choultry, being used as a latrine, is a public nuisance.

No. 225. ORDER THEREON, 13th November 1868, No. 3,541.

RAILWAY, No. 17.

The attention of the Collector of Madras will be drawn to the remarks in paragraph 5, and he will be requested

to state the action taken by him in pursuance of the Order No. 2,659 of the 11th September 1865.

CONSULTING ENGINEER'S OFFICE.

No. 372.

From

Lieut. Colonel H. V. O. Pendergast V.C. R.E.
Acting Consulting Engineer for Railways.

To

Colonel C. A. Orr R.E.

Secretary to Government.

Public Works Department,
Fort Saint George.

Sir,

I have the honour to report that on the 24th October 1868 I inspected the Indian Tramway Company's Line between Arcot and Conjevaram.

2. The Line is in good order throughout, the wire fence is perfect but the vegetable fence is in many places of no use. The Resident Engineer has promised to give the matter his attention.

3. The engine on which I rode was admirably driven by a native driver, the locomotive was remarkably clean and

well kept up, the rest of the rolling stock appeared to be in good order.

4. The stations and outbuildings were in a fit state.

5. Just outside the station ground at Conjeeram there is a putreferous pond.

The G.O. No 2659 dated 11th September 1865 "authority is granted for the pool in question" being made over to the cloth merchants of Conjeeram; but the Collector will see "that it is inclosed with a parapet wall," and that it is kept in order and clean."

There is now no wall round the pool and the banks and water of the pool are very filthy. A plot of ground adjoining the pool and attached to a traveller's choultry, being used as a latrine is a public nuisance.

W. D. Pringle
26th October 3
1868

I have the honour to be,
Sir,

Your most obedient servant

W. D. Pringle Esq. District Collector, C. P. D.

Acting Comm. Engrs for P.W.D.
