Proceedings of the Madras Government, Revenue Department, 2nd November 1868.

No 3. Read the following Proceedings of the Board of Revenue, dated 19th October 1868, No. 7,500.—

Read the following letter from the Acting Collector of the Madras District, to the Acting Secretary to the Board of Revenue, dated Sydapet, 14th September 1868, No. 290

In accordance with the instructions contained in Government Order, Public Works Department, dated 24th March 1868, No 955, communicated with the Board's Proceedings, No 2,532, dated 4th April 1868, I called on Mr. Fraser to make over the control of the Shadiancooppum Lock Establishment to the Revenue authorities. Mr Fraser has objected to the transfer in the accompanying letter. The Order of Government to transfer the Establishment was positive, but Mr Fraser's grounds for desiring to retain the Establishment under his control, are, I think, good, and with the Board's permission, I will leave the control with him, payment of salaries being made monthly on bills under his signature.

From W FRASER, Esq, C E, Executive Engineer, to the Acting Collector of Madras, dated Mount Road, 10th September 1868, No 130

1 Referring to your letter No 288, of the 2nd instant, I have the honor to remark that it is evident the intention was to transfer the cost of Shadiancooppum Lock Establishment, and its general control to the Revenue Department. But that it was never intended to remove the immediate control of the Lock and the Establishment from the Engineer in charge of the Canal

2 The Lock is part and parcel of the Canal, and its Establishment should be under the control of the Engineer. It is a very different case from that of an Establishment for collecting tolls, which is purely a Revenue affair, and should be immediately under that authority. But the Lock Establishment is purely a professional one, and I am in hopes that you will adopt this view in re-considering the matter

1. The Board admit the expediency of the control over the Establishment of the Shadiancooppum Lock being retained by the Executive Engineer, as proposed by that Officer and approved by the Collector.

2 As, however, the orders of Government are explicit in requiring that the "control" of the Lock Establishment is to be made over, the Board resolve to request the sanction of Government to the arrangement now proposed as a special case, and as a matter of expediency.

No 4. ORDER THEREON, 2nd November 1868, No. 2,747.

Miscellaneous.

Referred to the Public Works Department.

(True Extract.)

W. Fraser
Acting Secretary to Government.
