*Proceedings of the Madras Government, Public Works Department,
17th November 1868.*

No. 317. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 27th October 1868, No. 772.—

1. In submitting the accompanying estimate, amounting to Rupees 750, for re-constructing three sluices in the Kollattoor tank, I have the honor to state that, as the estimate provided for three separate sluices, not exceeding Rupees 250 each, I supposed that the works were within the limit of my sanction, and accordingly sanctioned the estimate under the head of Minor New Works Agricultural; but the Controller in his letter, No 2,567, dated the 17th September, states that the sanction of Government should be obtained to the estimate, as the aggregate cost of the works therein provided for exceed Rupees 500. If what the Controller states be deemed right, I request that the sanction of Government may be accorded to the estimate, the cost being met from the Budget allotment for Minor New Works under Agricultural for the Trichinopoly District.

2. The original sluices having become ruined, their re-construction was necessary to admit of the lands under the tank being supplied without making cuts in and thereby endangering the bank—the revenue derived from the tank is Rupees 2,413—the estimate was duly approved of by the Collector on the 6th July 1868.

No. 318. ORDER THEREON, 17th November 1868, No. 3,587.

IRRIGATION, No. 15

The Government sanction the estimate of Rupees 750 for the construction of three supply sluices for the Kollattoor

tank in the Trichinopoly District, the charge being debited to the Minor New Work allotment under "Agricultural" as proposed by the Superintending Engineer.

Sir,
In submitting the 'accoun-
t' of the estimate amounting to
Rs. 750 for reconstructing 3 sluices
in the Kolattan Tank, I have the
honor to state that as the estimate
provided for 3 separate sluices
not exceeding Rs. 250 each, I supposed
that the works were within the
limit of my sanction, & accordingly
sanctioned the estimate under the
head of Minor New Works Agri-
cultural, but the Controller in his
letter N^o 2567, dated the 17th September
states that the sanction of Govern-
ment should be obtained to the
estimate, as the aggregate cost
of the works therein provided for
exceed
