*Proceedings of the Madras Government, Public Works Department,
18th November 1868*

Read the following papers :—

No. 358. From the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 24th September 1868, No. 3,105.

1. The building in Vellore, used as a Post Office, having been taken up for a Jailer's house, the Postmaster General and myself, on the 18th February last, selected a Musjeed, situated next to the

Engineer's Store-room, as a suitable building for conversion into a Post Office.
2. A plan and an estimate, amounting to Rupees 360, were then prepared, in communication with the Postmaster General, for making the necessary alterations and improvements to the building, and they have since received the sanction of the Director General of Indian Post Offices.

3. Colonel Pears requests that the work may be commenced at an early date, and, in view to meeting his wishes, I have the honor of forwarding the plan and the estimate for sanction and for an allotment of funds.

No. 359. From the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 7th November 1868, No. 3,909

With reference to your Memorandum, No. 32, dated 10th October 1868, I have the honor to state that the Acting Sub-Collector of North Arcot informs me that the Musjeed in the Vellore fort was taken by Government in 1807, and that another in the Vellore bazaar has been granted in lieu of it to the Mahomedan community. Mr. Comyn, therefore, thinks that there can be no objection to the building being appropriated as a Post Office.

No. 360. ORDER THEREON, 18th November 1868, No. 3,606.

CIVIL WORKS, No 50.

Having ascertained that there is no objection to the transfer of the Musjeed in the Vellore fort, the Government approve of the estimate of Rupees 360 for the alterations and improvements required to adapt the building to the purposes of a Post Office, but the execution of the work must be deferred unless the Superintending Engineer can provide the requisite funds by transfers.
