*Proceedings of the Madras Government, Public Works Department,
19th November 1868.*

No 399. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 3rd November 1868, No 3,810.—

1. With reference to G. O., No 3,165, dated 7th October 1868, I have the honor to report that an order has been

1 Sketch

passed for the removal of fifteen feet of that portion of the old Town Wall on the north side of Black Town, which lies to the east of the Coal Godown of the Bullet Factory.

2. I take this opportunity, however, of forwarding a sketch showing that, between the said Coal Godown and the Police Tannah on the road leading to the Monegar Choultry, the block of rampart is only 120 feet long, and of expressing my opinion that it would be better to make a job of the whole length, an arrangement which is quite in consonance with the views of Government, expressed in sundry sanctions for removing the said northern wall.

3. To remove the whole length of 120 feet would cost only Rupees 256, and I request that sanction for that sum may be accorded in supersession of that granted in the G. O. before quoted.

4. The Executive Engineer reports that the earth taken from the rampart can be usefully applied in filling up hollows in the neighbourhood.

5. Funds can perhaps be supplied from the Reserve, under the head of Miscellaneous Public Improvements.

No. 400.

ORDER THEREON, 19th November 1868, No. 3,627.

MILITARY WORKS, No 29.

The Government approve of the removal of the portion of the old Town Wall referred to in this letter, and authorise the execution of the work in anticipation of a specific allotment of funds hereafter.

From

Colonel A. J. M. Poileau R. E.
Superintending Engineer 4th Division

To

Colonel C. A. Orr R. E.
Secretary to Government P.W.D.

Sir,

With reference to G. O. N^o 3165 dated 7th October 1868, I have the honor to report that an Order has been passed for the removal of 15 feet of that portion of the Old Town Wall on the North side of Black Town, which lies to the East of the Coal Godown of the Bullet Factory.

2. I take this opportunity, however, of forwarding a sketch showing, that between the said Coal Godown and the Police Tannah on the Road leading to the Monegan Choultry, the Block of Rampart is only 120 feet long, and of expressing my opinion that it would be better to make a job of the whole length, an arrangement which is quite in ^{conformance} ~~conformance~~ with the views of Government ^{expressed} in sundry ^{sanctions} ~~sanctions~~.

sanctions for the removing the said Northern Wall.

3. To remove the whole length of 120 feet would cost only Rupees 256, and I request that sanction for that sum may be accorded in supersession of that granted in the G.O. before quoted.

4. The Executive Engineer reports that the earth taken from the Rampart can be usefully applied in filling up hollows in the neighbourhood.

5. Funds can perhaps be supplied from the Reserve under the head of Miscellaneous Public Improvements.
