*Proceedings of the Madras Government, Public Works Department,
20th November 1863.*

No. 426. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, dated Bezcarah, 29th October 1863, No. 102.—

1. An Anicut Lascar, named B. Venkatasawmy, whilst at work at the under-sluiques of the Kistna Ament, on the 7th instant, slipped his footing and fell into the river. His body did not reappear until found next day about five miles down the stream; he leaves a widow but no children. His pay was Rs 5 per mensem.

2. As the working of the under-sluiques is a service of considerable danger, it is desirable that it should be known that when deaths occur in the performance of that duty, the Government will not leave the family of the deceased helpless, and I would respectfully suggest that in the present case a gratuity of six months' pay, or Rupees 30, be granted to the widow.

No. 427. ORDER THEREON, 20th November 1863, No. 3,640.

ESTABLISHMENT, No. 44.

Chapter X. of the Public Works Code

The Government consider that the widow of the deceased Lascar referred to in this letter, is entitled to the gratuity prescribed by the Rules, and the Superintending Engineer of the 2nd Division will accordingly submit in due course an application in the form laid down at page 383 of Grant's Circular Order Book.
