*Proceedings of the Madras Government, Public Works Department,
25th November 1868.*

No. 540. Read the following Proceedings of the Madras Government in the
Public Department:—

Requesting the Public Works Department to issue
the necessary orders for the execution of the
minor alterations required to adapt the western
portion of the house occupied by the Superinten-
dent of the Eye Infirmary for the occupation of
female European and East Indian patients. (Here enter 12th November 1868, No. 1,406.)

No. 541. ORDER THEREON, 25th November 1868, No. 3,691.

CIVIL WORKS, No. 83.

No. 1,065, dated 3rd April 1868.

„ 1,909, „ 23rd June „
„ 2,477, „ 3rd August „

1. Communicated to the Superin-
tending Engineer of the 4th Division,
in continuation of the Orders margin-
ally noted.

2. The Superintending Engineer
will arrange for the early execution of
the work referred to in paragraph 1.

(True Extract.)

NOVEMBER.

Nos. 540-541

Building occupied by the Superintendent of the Eye-Infirmiry.—Proceedings Public Department requesting that orders may be issued for the execution of the alterations required to adapt the western portion of the building occupied by the Superintendent of the Eye Infirmiry at Madras, for the occupation of the female European and East Indian patients, communicated to the Officers concerned.

*Proceedings of the Madras Government, Public Department,
12th November 1868.*

No. 61. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George; dated Fort Saint George, 24th October 1868, No. 349.

I have the honor to report that the Acting Superintendent of the Eye-Infirmiry has intimated his intention of very shortly vacating his quarters in the buildings, which will then be ready to be handed over to the Executive Engineer for the execution of the necessary alterations and repairs.

2. The adaptation of the west portion of the house to the purposes of a female ward, as recommended by the Committee of which the Honorable Mr. Ellis, my predecessor Mr. Shaw, and Colonel Boileau were members, has not yet been effected, and I would beg to suggest that the Executive Engineer be authorized to execute this work without delay.

3. Dr. Smith informs me that from the experience of the last five years he considers it would be quite sufficient to fit up the western bed-room and bath-room for the above purpose, and that there seems to be no necessity for appropriating the present library as portion of the female ward.

No. 62. ORDER THEREON, 12th November 1868, No. 1406.

The Government approve of the proposal contained in paragraph 2 of the letter above recorded, and resolve to refer this letter and the Proceedings of Government, dated 31st March 1868, No. 405, to the Department Public Works, with a view to the necessary orders being issued for the execution of the minor alterations required to adapt the western portion of the house occupied by the Superintendent of the Eye-Infirmiry for the occupation of female European and East Indian patients.

2. The Government consider that, as recommended by the Committee, both the bed-room and bath-room, and the library of the house in question, should be assigned to these patients. The remaining portion of the house affords ample accommodation for the medical officer in charge of the Eye-Infirmiry, and it might be very inconvenient that there should be only a single room reserved as a ward for European and East Indian female patients.
