*Proceedings of the Madras Government, Public Works Department,
26th November 1868.*

No. 571. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 20th November 1868, No. 4,100 :—

1. I have the honor to report, with reference to G. O., No. 3,397, dated 29th October 1868, that I have directed Lieutenant Dorward to remove the pump lately used to supply water to the upper story of the Garrison Hospital at St. Thomas' Mount, and to keep it in his stores. The Assistant Engineer states that it will probably be serviceable at the new Artillery Barracks, where water is available nearer the surface.

2. There is no defective mechanism in this pump, as supposed by the Controller of Military Accounts. It worked well with the water at thirty feet, even below the head of the suction pipe, and became defective only when the water failed and sunk in level. It is a double pump, and never could be worked by one man.

No. 572. ORDER THEREON, 26th November 1868, No. 3,706.

MILITARY WORKS, No. 37.

Ordered to be recorded.

(True Extract.)

Sup. of Engrs Office S. D. Du
Madras 20 November 1868

From, Lieut. Colonel J. Bean R. E.
Superintending Engineer S. D. Du
To, Colonel G. A. Orr R. E.
Secretary to Government P. W. Dept.

Sir,
I have the honor to report with reference to G. O. No. 3397, dated 29th October 1868, that I have directed Lieutenant Dorward to remove the pump lately used to supply water to the upper story of the Garrison Hospital at Saint Thomas Mount and to keep it in his stores. The Assistant Engineer states that it will probably be serviceable at the new Artillery Barracks where water is available nearer the surface.

No. 4135
21st October
Military Dept.
There is no defective mechanism in this pump as supposed by the Controller of Military Accounts. It worked well with the water at 30 feet, even, below the head of the suction pipe, and became defective only when the water failed and sunk in level. It is a double pump and never could be worked by one man.

I have the honor to be
Sir
Your most obedt servt
Rear Lt Col R. E.
Asst. Sup. Engrs S. D. Du
