The first thing I noticed
when I stepped out of the car
was the smell of fresh air.
It was so different from the
stuffy atmosphere of the office.
I took a deep breath and
felt a sense of relief.
The sun was shining brightly,
and the birds were singing.
It felt like I had entered a new world.
I walked towards the park
with a light heart.
The children were playing happily,
and the flowers were in full bloom.
I smiled at the beauty of it all.
This was exactly what I needed.
