Nos. 607-608

Report of the Subsidiary Jail Committee.
 Proceedings Judicial Department passing
 orders on the Supplemental Report of the
 Subsidiary Jail Committee on the Station
 of Chicago, Ganjam District, communi-
 cated to the Officer concerned, with certain
 instructions.

*Proceedings of the Madras Government, Judicial Department,
16th November 1868.*

No. 123. Read the following letter from the Subsidiary Jail Committee, to the Chief Secretary to Government, Fort Saint George; dated Madras, 20th October 1868, No. 202.

With reference to paragraph 59 of our letter, No. 173, dated 24th August last, we have the honor to submit this Supplemental Report on the station of Chicacole, in the District of Ganjam.

2. Plan A is the office of the Principal Assistant Magistrate, who is located at Chicacole; Plans B and C show the Taluq Cutcherry and its entourage; Plan D exhibits the Zillah Jail lately given up.

3. The Taluq Cutcherry is two miles distant, as we understand, from the Jail, and the Principal Assistant's Office, it will be seen, is close to the latter. Under any circumstances, therefore, if the Taluq Cutcherry is to be retained in its present position, it will be necessary to build a Jail in its compound for prisoners under trial and remand, as the distance is too great to admit of their being marched backwards and forwards from the Jail to the Cutcherry; and if the Principal Assistant's prisoners are to be kept as they are at present in the old Zillah Jail, there will be the expense of a double Police guard.

4. The Taluq Cutcherry, however, is a small building, and the two Jail wards in it will only accommodate six persons in both. This is considerably below the number for whom the District Returns show that space has to be provided.

5. As the buildings which comprises the old Zillah Jail, which we were called to report on in Government Order, Judicial Department, 12th May 1863, No. 765, paragraph 2, are obviously far too large to be retained as a Subsidiary Jail only, we suggested to the Magistrate that the Taluq Cutcherry might be located in the old Zillah Jail, and the arrangements we proposed are all colored yellow on Plan E. to convert the parallel rows of wards

6. They are to remove the centre shed, to convert the parallel rows of wards into rooms for the Tahsildar's establishment by adding verandahs on both sides, to utilize part in rear as a Subsidiary Jail, and build a good roomy Court-house, &c., in front for the Taluq Magistrate. We considered that these alterations would probably cost little more than a new Subsidiary Jail attached to the Tahsildar's present Cutcherry, and we suggested that the present Taluq Cutcherry should, if not required for any other public office, be sold.

7. The Magistrate of Ganjam in his reply gives cover to two letters from his Principal Assistant, as follows:—

"The suggestion of the Subsidiary Jail Committee, that the Talukdar's Cutcherry should be located in the old Zillah Jail, is, I think, a good one; not only would there be one Subsidiary Jail available for the prisoners of the Principal Assistant and the Sub-Magistrate, instead of two as at present, but the proximity of the Taluk Cutcherry to the Principal Assistant's Office would be very convenient for both the Principal Assistant and the Tahsildar. The Assistant Superintendent of Police has on more than one occasion drawn my attention to the difficulty he finds in providing two Police guards, one for the Lock-up in the Tahsildar's Cutcherry, and the other for the Subsidiary (late Auxiliary) Jail. Under the proposed arrangement this difficulty will be obviated.

"The locality besides being convenient is healthy.

*Proceedings of the Madras Government, Judicial Department,
16th November 1868.*

"I omitted to mention the use to which the present Taluq Cutcherry here might be put in the event of the Tahsildar's office being removed into the Jail. There is, properly speaking, no Travellers' bungalow at Chicacole. At present a building is rented by Government at Rupees 20 per mensem, and used as a Travellers' bungalow, but this building is not kept by its owner in a proper state of repair, and is becoming quite unfit for the accommodation of travellers. I would, therefore, suggest that the present Taluq Cutcherry, which (having been built only three or four years ago,) is a comparatively new building, be converted into a Travellers' bungalow.

"The situation is a good one for the purpose, and I am aware of no other way in which the building might be utilized."

8. Mr. Carmichael, however, himself writes as follows:—

"In my opinion the Tahsildar should be left where he is, and the old Zillah Jail should be put into thorough repair, and so (while used presently as a Subsidiary Jail only) be kept ready to relieve any crowding at Vizagapatam and Berhampore, or to meet any similar want that may arise."

9. We have carefully considered this question, and we beg to recommend that the Tahsildar's office be removed to the old Zillah Jail, and that the arrangements shown by us in yellow on Plan E be carried out.

10. We enclose an estimate of Rupees 6,253, from which Rupees 700 has to be deducted as set off on account of materials on the spot ready for use. This reduces the amount to Rupees 5,553.

11. We consider this to be the most economical arrangement; as a Jail such as it would be necessary to build in the compound of the Taluq Cutcherry, and the repairs of the old Zillah Jail which Mr. Carmichael himself recommends to fit it for any "want that may arise," would, we are convinced, far exceed the sum of our estimate now enclosed.

12. Besides, the Taluq Cutcherry can be sold, and the saving of a double Police guard effected.

13. Plan F is the Police station in the town of Chicacole. This building will have to be retained as an office for the Police Inspector. The wards in it will not require to be used for prisoners, except in cases (which will be rare) in which prisoners may be arrested at hours when they cannot be at once lodged in the Subsidiary Jail.

14. A sweeper toty should be added to the Jail establishment, and coir mats and cumblies provided.

No. 124. ORDER THEREON, 16th November 1868. No. 1737.
Under the circumstances represented in the foregoing letter, His Excellency the Governor in Council approves and sanctions the recommendations of the Subsidiary Jail Committee, that the Tahsildar's office at Chicacole should be removed to the old Zillah Jail, and that the arrangements shown in Plan E of that building be adopted. The cost is estimated at Rupees 6,253, deducting therefrom a sum of Rupees 700 on account of materials ready for use on the spot, the outlay required is reduced to Rupees 5,553.

*Proceedings of the Madras Government, Judicial Department
16th November 1868.*

2. A copy of the Subsidiary Jail Committee's report, and the plans and estimate received with it, will be forwarded to the Public Works Department, in order that instructions may be issued for carrying out the arrangements recommended by the Committee.

3. The Magistrate of Ganjam is authorized to employ a sweeper toty for the Subsidiary Jail, and to provide coir mats and cumblies for the prisoners.
