Proceedings of the Madras Government, Judicial Department,
16th November 1868.

No. 125. Read the following letter from the Subsidiary Jail Committee, Madras, to the Chief Secretary to Government, Fort Saint George; dated Madras, 19th October 1868, No. 199.

We have the honor to submit the following report on the stations marginally noted, of the District of Vizagapatam.

Vizagapatam. Chodavaram.
Vizianagram.

2. VIZAGAPATAM is the station of a Deputy Tahsildar Sub-Magistrate.

3. The Cutcherry, Plan A, is an old native building, of two stories, bought up by Government, and subsequently repaired, altered, and improved, with accommodation for all classes of prisoners, under the sanction of Government, dated 18th May 1866, No. 766.

4. The number of prisoners here is small; and we consider that sufficient space can be found in the lower story of the present building. Our proposals are all colored yellow; and an estimate is enclosed of Rupees 196, for carrying them into effect.

5. As there is no available space adjacent to the building on which to locate an hospital shed; the Magistrate should be authorized to adopt such measures as may be necessary, in the case of any disease among the prisoners, either by hiring a house temporarily, or providing some other means of segregation.

6. VIZIANAGRAM.—Here is located a Sub-Magistrate.

7. A plan and estimate is under preparation for a new Cutcherry and Subsidiary Jail of four wards at this station, on Mr. Chisholm's Plan No. 2.

8. CHODAVARAM is the station of a Sub-Magistrate in the Viravully Taluq.

9. Up to 1866 a Subsidiary Jail was maintained here, but as the accommodation was found insufficient, the prisoners were transferred to the Ankapilly Subsidiary Jail, a distance of about eight miles, and the Jail building at Chodavaram converted into Police Lock-ups.

10. A plan of this building, Plan A, accompanies, and consists of four rooms with a centre hall: two of these rooms are used as Police guard-rooms, and two as Jails for prisoners.

11. The Sub-Magistrate holds his office in a house rented for 3 Rupees per mensem, and the Magistrate has requested the Superintending Engineer to prepare a plan, on the Standard Plan No. 2, of a new Deputy Tahsildar's Cutcherry. An estimate framed by the Executive Engineer, amounting to Rupees 11,280, is enclosed, but it does not seem to accord with the standard plan in all particulars.

12. We consider this to be necessary: the Jail should consist of four wards of the usual dimensions.

13. Pending the construction of the new building, which should be put in hand as soon as possible, we consider that the present arrangement of sending convicted persons to Ankapilly may stand; persons under trial before the Sub-Magistrate at Chodavaram being confined, as at present, in the building, the plan of which we enclose.

14. As, however, the rooms B, C, are small, and will hold but three prisoners in each, all in excess of that number should be located in the rooms A, D, & E.

15. The batten windows and doors in the wards should be removed, and iron barred ventilators and doors substituted, as indicated by us in the plan.

16. The Magistrate should be authorized to procure cumblies and coir mats for the prisoners, and engage the services of a sweeper toty at each Subsidiary Jail.

Nos. 600-610

For the purpose of the Madras Government, the following orders are issued:—
1. That the Magistrate should be authorized to procure cumblies and coir mats for the prisoners, and engage the services of a sweeper toty at each Subsidiary Jail.
2. That the Magistrate should be authorized to adopt such measures as may be necessary, in the case of any disease among the prisoners, either by hiring a house temporarily, or providing some other means of segregation.
3. That the Magistrate should be authorized to adopt such measures as may be necessary, in the case of any disease among the prisoners, either by hiring a house temporarily, or providing some other means of segregation.
4. That the Magistrate should be authorized to adopt such measures as may be necessary, in the case of any disease among the prisoners, either by hiring a house temporarily, or providing some other means of segregation.

Proceedings of the Madras Government, Judicial Department.

16th November 1868.

No. 126. ORDER THEREON, 16th November 1868, No. 1738.

It appears from the foregoing supplemental report of the Committee on Subsidiary Jails, in respect of the requirements of the Vizagapatam District for the accommodation of prisoners under trial and sentenced by the Magistracy to periods of imprisonment not exceeding thirty days, that at Vizagapatam the Sub-Magistrate's Cutcherry should be altered and improved, as shown in the plan submitted, the cost of which is estimated at Rupees 196.

2. At Vizianagram it is proposed to erect a new Cutcherry and Subsidiary Jail of four wards on Mr. Chisholm's Plan No. 2.

3. At Chodavaram it is also proposed to erect a new Cutcherry on the Standard Plan No. 2. The Executive Engineer has prepared an estimate of the cost, amounting to Rupees 11,280, but the Committee observe that it does not seem to accord with the standard plan in all particulars. Pending the construction of the building, the Committee suggest that the lock-up at Chodavaram should be improved by the substitution of iron barred ventilators and doors for the batten windows and doors used at present.

4. His Excellency the Governor in Council approves and sanctions the recommendations made by the Committee on Subsidiary Jails, and directs that a copy of their report, together with the plans and estimates received therewith, be forwarded to the Public Works Department, in order that the necessary instructions may be issued for carrying out the works proposed.

5. As there is no hospital shed for the use of short-sentenced prisoners at Vizagapatam, the Magistrate is authorized to hire a house, or to make such other arrangements as he may deem expedient, for sick prisoners. He is also authorized to provide the prisoners in the Subsidiary Jails above referred to with cumbles and coir mats, and to employ a sweeper toty at each Subsidiary Jail.
