*Proceedings of the Madras Government, Public Works Department,
30th November 1868.*

No. 621. Read the following letter from the Acting Collector of the Madras District, to the Secretary to Government, Public Works Department, dated Sydapet, 18th November 1868, No. 219:—

1. With reference to Government Order, dated 28th October, No. 3,391, regarding certain lands belonging to Messrs. Fowler, Cramp, and Bradshaw, near the Red Hills, I have the honor to state that no steps have yet been taken for the formal transfer of the lands in question, as the Engineer in charge of the works has not yet been able to mark out the proposed water line of the tank within which a part of these lands will be included.

2. A portion of the land required for the Red Hills Lake project has been purchased by the Executive Engineer direct; in cases where he has not been able to arrange for the acquisition of land required, he has applied to the Collector, by whom arrangements have been made for its transfer; in this manner almost all the land required for the supply channels and for the excavations under the bunds has been taken up, and compensation paid, either by Mr. Fane during the Jumahbandy, or by myself since his departure.

3. I find that the letter addressed by Messrs. Fowler, Bradshaw, and Cramp to Mr. Fane was received and docketed "to be considered when compensation for the Red Hills lands should be settled."

4. The extent of the land now in the possession of these gentlemen, required for public purposes, not having been intimated to this Department, it was not possible to enter on the question of compensation.

5. Frequent applications for the information requisite to enable the Collector to assign compensation to the owners of lands at the Red Hills have been made to the Executive Engineer during the last year, but it will be seen from the enclosed letter, that Captain Scott has been unable to mark out the lands owing to the want of the services of a Surveyor.

From the Executive Engineer, Madras Water Works, to the Acting Collector of Madras, dated Red Hills, 12th November 1868, No. 897.

1. With reference to your letter No 250, of the 3rd November 1868, I have the honor to inform you, that the bund across the Soorapadoo valley was carried into land which is said to belong to Messrs. Bradshaw about March of this year.

2. The water line of the Red Hill Tank at its proposed level has not yet been marked, and I have no plan of Messrs. Bradshaw's land showing its extent. I regret that I am, therefore, unable to give you any definite information as to the quantity of their ground which will be taken up.

I have applied for the services of a Surveyor for the purpose of laying down the high level water line, and as soon as they are placed at my disposal, I shall have the line carried through Messrs. Bradshaw's land, and intimate to you the completion of the operation.

3. As requested, information will be furnished to you of any land taken up, from time to time, for these works.

4. The small lithographed plan in this office does not distinguish any contour line by red color. I cannot, therefore, say whether that referred to by you represents the high water mark.

The contour coinciding with the proposed water level of the Red Hill Tank is the five feet above that one which runs into the crest of the old calingulah, and it is noted as level of proposed calingulah.

*Proceedings of the Madras Government, Public Works Department,
30th November 1868.*

No. 622.

ORDER THEREON, 30th November 1868, No. 3,731.

MILITARY WORKS, No. 101.

The Superintending Engineer of the 4th Division will take immediate measures for ascertaining and intimating to the Collector of Madras, what portion of the land at the Red Hills belonging to Messrs. Fowler, Cramp, and Bradshaw, will be required in connection with the project for supplying Madras with water from the Red Hill Lake. On receipt of this information, Mr. Thornhill will adopt the necessary steps for the acquisition of the land, and for its formal transfer to the Department of Public Works.

RECEIVED

NOVEMBER

No. 621-622

N. 219

Madras Collectors Office
Sundapet 18th November 1868.

From George Thornhill Esq.
Acting Collector of the Madras Dist.
To Colonel C. A. Orr R.E.
Secretary to Government
Public Works Department

Sir,

With reference to Government Order dated 28 October No. 3391 regarding certain lands belonging to Messrs. Fowler, Cramp and Bradshaw near the Red Hills, I have the honor to state that no steps have yet been taken for the formal transfer of the lands in question, as the Engineer in charge of the Works has not yet been able to mark out the proposed water line of the tank within which a part of these lands will be included.

2. A portion of the land required for the Red Hills Lake project has been purchased by the Executive Engineer direct, in cases where he has not been able to arrange for the acquisition of land required he has applied to the Collector by whom arrangements have been made for its transfer, in this manner almost all the land required for the supply channels and for the excavations under the bunds has been taken up and compensation paid either

by

by Mr. Jani during the Jamma khandy or
by myself since his departure.

3 I find that the letter addressed by
Messrs Fowler, Bradshaw and Co. to
Mr. Jani was received and dictated to
be considered when compensation for the
Red Hills Lands should be settled.

4 The extent of the land now in the possession
of these gentlemen required for public pur-
poses not having been intimated to them
department it was not possible to enter
on the question of compensation.

5 Frequent applications for the information
requisite to enable the Collector to assign
compensation to the owners of lands at the
Red Hills have been made. Last Engineer
during the last year, but it will
be seen from the enclosed letter that Captain
Scott has been unable to mark out these
lands owing to the want of the services of
a surveyor.

Acting Collector

No 897.

Madras Water Works Office
Red Hills 12 November 1868.

From Captain A. D. Scott R.E.
Executive Engineer M. W. Works
To G. Thornhill Esq.
Acting Collector of Madras.

Sir, With reference to your letter No 260 of the
3rd November 1868 I have the honor to inform
you that the bund across the Soraipadu
valley was carried into land which is said
to belong Messrs Bradshaw about March
of this year.

2 The water line of the Red Hill Tank
at its proposed level has not yet been
marked and I have no plan of Messrs
Bradshaw's land showing its extent. I
regret that I am therefore unable to give
you any definite information as to the
quantity of their ground which will be
taken up.

I have applied for the services of a
surveyor for the purpose of laying down the
high level ^{water} line and as soon as they are
placed at my disposal I shall have
the line carried through Messrs Bradshaw's
land and intimate to you the comple-
tion of the operation.

3 As requested information will be furnished
by you of any land taken up from time
to time for these works.

4 The small Lithographed plan in this
Office

Office do not distinguish any contour line
by red color I cannot therefore say
whether that referred to by you, repre-
sents the High water mark.

The Contour coinciding with the proposed
water level of the Red Hill Tank is the
one which runs into the
Crest of the old Calingula. and it is
noted as level of proposed Calingula.

I have the honor to be

Sir
Yours most obedient Servant
Wm. A. Scott R.E.
Sculpture Engineer to the Works
