*Proceedings of the Madras Government, Public Works Department,
30th November 1868.*

No. 620. Read the following Proceedings of the Madras Government in the Military Department, dated 18th November 1868, No. 4,488.

Read the following papers :—

From the Secretary to Government, Military Department, to the Secretary to the Government of India, Military Department, dated Bombay, 23th July 1868, No. 3,909.

I am directed to forward, for decision by the Government of India, the accompanying copy of a letter from the Controller of Military Accounts, No. 1,152, dated 20th July 1868, with enclosures, and of a Resolution by this Government thereon, No. 3,909, of this date, relative to the pay of Officers of the Public Works Department proceeding to England under the revised Furlough Rules.

From the Controller of Military Accounts, to the Secretary to Government, Military Department, dated Poona, 20th July 1868, No. 1,152.

I have the honor to forward a copy of correspondence* as per margin, regarding the payment of fifty per cent. on their net pay from the Military Department to Engineer Officers proceeding to England under the revised Furlough Rules, and in requesting the approval of Government to my decision in the matter, I beg to suggest that it be communicated to the Secretary to Government in the Public Works Department, for the information of the Controller of Public Works Accounts.

* From Pay Examiner, No. 1,213, dated 14th July 1868, with accompaniment.
To do. No. 3,231, dated 20th do.

From the Acting Examiner Pay Department, to the Controller of Military Accounts, dated 14th July 1868, No. 1,213.

1. I have the honor to submit, for decision, an inquiry from the Presidency Paymaster, Bombay, in his annexed letter, No. 1,803, of the 11th July instant, whether Engineer Officers entitled to fifty per cent. in their pay and allowances from the Public Works Department, for two years during their furlough under the new rules, are to be allowed fifty per cent. in their net pay from the Military Department, and to state that under Rule V of the above Furlough Regulations, Officers in the Civil Department, while on furlough, are to be allowed fifty per cent. on the average salary they were in receipt of, for the three years prior to date of embarkation, a principle which, it is presumed, will apply also to the Department Public Works.

2. The favor of an early reply is requested.

From the Acting Presidency Paymaster, to the Examiner Pay Department, dated 11th July 1868, No. 1,803.

I have the honor to request that you will inform me, with reference to Rule V of the new Furlough Regulations, whether fifty per cent. only of their net pay, should be paid to Officers of the Engineer Corps, who have accepted the new rules, and who apply for the three months fifty per cent. of their pay and allowances, granted by Rule V on the occasion of their proceeding on furlough.

From the Controller of Military Accounts, to the Pay Examiner, dated 20th July 1868, No. 3,231.

The Controller is of opinion that, as the net pay of Officers employed in the Public Works Department is drawn separately, and is dependent upon their rank, fifty per cent. of the present rate should be paid to those proceeding to England, under the revised Furlough Rules. This proceeding will be reported for the approval of Government.

No. 3,909.

MILITARY DEPARTMENT,
Bombay Castle, 28th July 1868.

Letter from the Controller of Military Accounts, dated 20th July 1868, No. 1,152.
Relative to a question as to whether fifty per cent. on their net pay from the Military Department should be paid to Engineer Officers proceeding to England under the revised Furlough Rules.

*Proceedings of the Madras Government, Public Works Department,
30th November 1868.*

RESOLUTION.—Pending decision of the Government of India, which has been asked, Public Works Officers must be allowed only the half of the average salary of the three previous years.

(Signed) W. F. MARRIOTT, Colonel,
Secretary to Government.

No. 266 T.
MEMORANDUM.

1. Papers received with Case 2, Schedule No. 71, dated the 19th August 1868, are herewith returned.
2. The Bombay Government solicit the sanction of the Government of India to a Resolution limiting the furlough allowances of Officers of the Public Works Department to half of the average salary of the three previous years.
3. This decision of the Government of Bombay is opposed to the opinion of the Controller Military Accounts of that Presidency, who remarks "that as the net pay of Officers employed in the Public Works Department is drawn separately, and is dependent upon their rank, 185 per cent. of the present rate should be paid to those proceeding to England under the revised Furlough Rules."
4. Upon this question, the undersigned has the honor to observe that, with the exception of the salaries of the Chief Engineers of the 1st Class, which are consolidated with the salaries of Officers of the Public Works Department, the principle of drawing Staff salary in addition to rank, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office. The sentence that follows, which contains a consolidated salary, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office. The sentence that follows, which contains a consolidated salary, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office.

Public Works Code, Chapter 1, Section 1, Paragraph 7. of the Public Works Department are based on to pay, subject to a maximum in the Public Works Department, the principle of drawing Staff salary in addition to rank, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office. The sentence that follows, which contains a consolidated salary, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office.

5. Now the 5th paragraph of the revised Furlough Rules clearly lays down that an Officer drawing Staff pay in addition to pay of rank, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office. The sentence that follows, which contains a consolidated salary, will be allowed pay at the rate of fifty per cent. of the average salary of the three previous years, which obviously applies only to Officers employed in a substantive office.

6. The undersigned is of opinion, therefore, that the consolidated salary of Officers who perform Civil duties, but they are not so in the sense in which that term is used in the revised Furlough Rules. It appears to the undersigned that the term, as there used, is applicable only to Officers who perform Civil duties of an administrative or judicial character, and not to those who perform Civil duties, but they are not so in the sense in which that term is used in the revised Furlough Rules. It appears to the undersigned that the term, as there used, is applicable only to Officers who perform Civil duties of an administrative or judicial character, and not to those who perform Civil duties, but they are not so in the sense in which that term is used in the revised Furlough Rules.

Read Military Department Extract, No. 104, dated 10th November 1868, and the above correspondence to the Public Works Department, for the Government of India, dated 10th November 1868, and the above correspondence to the Public Works Department, for the Government of India, dated 10th November 1868.

From the Assistant Secretary to the Government of India, Public Works Department, dated 10th November 1868, and the above correspondence to the Public Works Department, for the Government of India, dated 10th November 1868.

In reply to the Military Department's extract, dated 10th November 1868, and the above correspondence to the Public Works Department, for the Government of India, dated 10th November 1868.

Enclosure herewith returned, as requested, this Department, Military Officers in the Public Works Department, should be treated the same as Military Officers in Military Staff employ.
