M-1

No. 1. Read the following letter from the Executive Engineer in charge of Superintending Engineer's Office, 8th Division, to the Secretary to Government, Public Works Department, dated Madura, 7th November 1868, No. 1,783 :—

1. With reference to G. O., No. 3,418, of the 30th October 1868, I have the honor to forward a tabular statement of the distribution of Officers, Subordinates, and Office establishments according to the present and proposed number of Ranges in the Tinnevely District, and showing the talooks attached to each, together with a skeleton map exhibiting the future executive charges.

1 Tabular Statement.  
1 Map.

2. The changes proposed consist in the addition of a Talook Overseer and his establishment to the first Range, the same being taken from the 5th Range, and the removal of a Supervisor from the 5th Range; while the appointment of an Officer to the new Irrigation Range remains to be made by Government.

3. The boundary of each Range is shown on the map by a distinguishing color, the talook limits in the Range being dotted with the same color. The belt of country contained by dotted lines in light red shows, approximately, the area of the proposed Irrigation Range: the positions of the seven anicuts on the Tambrapoorney being marked from Papanassum down to the Murdoor anicut.

4. As regards the establishment of the Tambrapoorney Irrigation Range, there will be required one or more Overseers when a definite scheme of operations has been sanctioned; but by G. O., No. 3,052, of the 28th September 1868, another report will be submitted hereafter on the special establishment necessary for the preparation of plans and estimates; and provision cannot be well made at present except for the office staff that will be required when the Range is fairly established.

Proceedings of the Madras Government,

Tabular Statement of the distribution of the Officers, Subordinates, and Office Establishments, according to the present and proposed number of Ranges in the Tinnevely District.

| PRESENT.       |                                       |                                                                                                                                                                                                                                                                                                                                 |                                                                                            |           |

(Signed) H. L. PRENDERGAST, Captain, R. E.,  
Ex. Engr. in charge of the Suptg. Engineer's Office, 8th Division.

Proceedings of the Madras Government, Public Works Department.  
1st December 1868.

No. 2.

ORDER THEREON, 1st December 1868, No. 3,737.

ESTABLISHMENT, No. 1.

1. The Government have considered the proposals submitted by the Superintending Engineer of the 8th Division in relation to the re-distribution of Ranges in the Tinnevely District as might be necessary to the important irrigation works under the Tambrapourney to be constituted separate Executive charge, Captain Prendergast submitted certain proposals in a letter of the 22nd October 1868, No. 1,635; but not having forwarded with the full information that was required to enable the Government to come to a decision, and having been called upon for it, he now complies with the request.

2. Captain Prendergast proposes to amalgamate two of the five Ranges in which the District of Tinnevely is divided, and recommends that one of the Supervisors in charge of Ranges, whose services will be those of a free, should be employed on the Streerivoontumamant project. Although by this arrangement the constitution of the Tambrapourney Range will not add to the number of Executive charges, it necessitates the nomination of an additional Officer for the Irrigation Range.

3. The Government approve of the several proposals submitted by Captain Prendergast, and will appoint an Officer as soon as the same can be made available.

(True Extract)

To the Superintending Engineer, 8th Division.  
" Chief Engineer for Irrigation.  
" Controller of Public Works Accounts.

Proceedin

No. 2.

N: 1783

Superinty. Engrs Office & Adm.  
Madura 7<sup>th</sup> November 1868

From

Captain H. S. Pendergast M.E.  
Executive Engineer  
in charge of Supy. Engrs Office  
8<sup>th</sup> Division

To

Colonel L. A. P. R.E.  
Secretary to Government  
P. W. D.

Sir,

Encls 2  
1 Tabular Statement  
1 Map.

With reference to L. & No.  
3418 of the 30<sup>th</sup> October 1868, I have  
the honor to forward a Tabular Statement  
of the distribution of  
Officers, Subordinates and Office  
establishments according to the pre-  
sent and proposed number of Ranges  
in the Tirunelveli District, and  
showing the taluqs attached to each,  
together with a skeleton map schi-  
matizing the future Executive charges.  
The changes proposed are

Pro

Chie.  
Contr

Exd. S. T. A

consist in the addition of a Taking Over  
seer and his establishment, to the 1<sup>st</sup>  
Range, the same being taken from  
the 5<sup>th</sup> Range and the removal of a  
Supervisor from the 5<sup>th</sup> Range; while  
the appointment of an Officer to  
the new Irrigation Range remains  
to be made by Government.

3 The boundary of each Range  
is shown on the map by a distin-  
guishing color, the taking limits in  
the Range being dotted with the  
same color. The belt of country  
contained by dotted lines in light  
red shows approximately the area  
of the proposed Irrigation Range;  
the positions of the 7 Municities in  
the Sambapoorney being marked -  
from Papanaasum, down to the  
Murdoor Municipality.

4 As regards the establish-  
ment of the Sambapoorney Irriga-  
tion Range, there will be required  
one or more Overseers, and

Scheme of operations has been sanctioned,  
but by L. O. No 3052 of the 28<sup>th</sup>  
September 1868, another report will  
be submitted hereafter, on the special  
establishment necessary for the pre-  
paration of plans and estimates;  
and provision cannot be well made  
at present, except for the officer  
staff that will be required when  
the Range is fairly established.  
I have &c

Andrew Sengast, Captain R.E.  
Executive Engineer,  
in charge of the  
Engineering Office &c &c

connected with that project

Public Works Department  
 No 3737/37 9  
 Proceedings of the Madras Government  
 Under date the 1<sup>st</sup> December 1868  
 Read the following

The Executive Engineer in ch. of 3/11 A. E. No 1783 dated 7<sup>th</sup> Nov 1868  
 Sup<sup>r</sup> Engineer's Office 8<sup>th</sup> Dec

The Government having  
 expressed their willingness to  
 take into consideration any  
 recommendations which the  
 Superintending Engineer  
 of the 8<sup>th</sup> Div might make  
 for such a redistribution  
 of Ranges in the Tinnevely  
 District as might be ne-  
 cessary to allow the im-  
 portant irrigation works  
 in the Pambaswarney

1868 Dec 11  
 The Executive Engineer  
 in ch. of the 8<sup>th</sup> Div

The Government Engineer  
 in ch. of the 8<sup>th</sup> Div  
 of the 8<sup>th</sup> Div

The Secretary to Govt  
 of the 8<sup>th</sup> Div

Dated 17<sup>th</sup> November 1868  
 No 2

Encl 2  
 11811

Submits a tabular state-  
 ment of the distribution  
 of Officers and subordi-  
 nates according to the  
 present & proposed num-  
 ber of ranges in the Tin-  
 nevely District together  
 with a statement of the  
 existing & future  
 (proposed) changes

No 3737-1<sup>st</sup> Dec 1868

No 1688 Nov 1868 CA 232

of the 8<sup>th</sup> Div  
 in the 8<sup>th</sup> Div

to be constituted a separate  
Executive charge. Capt. Pendergast submitted cer-  
tain proposals in his letter

of the 22<sup>d</sup> October 1868, to 1869,

but not having forwarded  
with them the full informa-  
tion that was required to  
enable the Government to come  
to a decision, and having  
been called upon for it,  
he now complies with the  
requisition.

Capt. Pendergast  
proposes to amalgamate  
two of the five Ranges  
into which the District  
of Timewilly is divided

and recommends that one  
of the Supervisors in charge  
of Ranges, whose services  
will be thus set free,  
should be employed on  
the Steevigoontum Ancient  
project. Although by  
this arrangement the  
constitution of the Pam-  
braportney Range will  
not add to the number  
of Executive charges, it  
necessitates the nomina-  
tion of an additional  
Officer for the new Irriga-  
tion Range.

The Government  
approve of the several

proposals submitted by  
Capt. Piendergast, and  
will appoint an officer  
as soon as the services of  
one can be made available.
