*Proceedings of the Madras Government, Public Works Department,
1st December 1868.*

Read the following letters :—

No. 28. From the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Coonoor, 4th October 1868, No. 150.

1. In submitting the accompanying estimates for punkahs to the Barracks at Cannanore, Calicut, and Malliaporam, Two Estimates, amounting to Rupees 17,490. aggregating in amount Rupees 17,490, called for in G. O., No. 2,395, of 28th July, I have the honor to state that His Excellency the Commander-in-Chief recommends that punkahs be put up at Cannanore for two Companies of European Infantry only, and that the remainder be provided if, after trial, these are not objected to, so that the public should not again be put to needless expense, as was the case in 1849; but under circumstances with which I am not acquainted.

2. There can be no question, however, as to the desirability of punkahs for Hospitals; and I, therefore, request permission to supply the same at once, before next hot weather, at a cost of Rupees 1,295 at Cannanore, out of the total estimate of Rupees 14,340; of Rupees 158 out of Rupees 1,566 at Calicut; and Rupees 198 out of Rupees 1,584 at Malliaporam. Funds will probably be available from savings on other works.

No. 29. From the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Areacode, 19th November 1868, No. 156.

As requested in your Memorandum No. 157, of 11th March, I have the honor to explain that, being under the impression that the supply of punkahs to Barracks in Malabar, whether for two Companies only or for every room, was proposed to be provided for in the Budget of 1869-70, if provided at all, which seemed doubtful, with reference to former circumstances of which I have no knowledge, I represented that at least for Hospitals they must be useful, and might be provided at once. I can have no objection whatever to provision of punkahs being also made for two Companies, at once.

P. S.—A revised estimate of only Rupees 13,850 is herewith forwarded, in substitution of the former estimate of Rupees 14,340, for punkahs at Canannore, where the Hospital for the Infantry was originally supplied with punkahs to a certain extent, now considered to be insufficient.

1. In submitting with reference to the Orders of Government under date the 28th July 1868, No. 2,395, estimates, aggregating Rupees 17,000, for the supply of punkahs to the Barracks at Cannanore, Calicut, and Malliaporam, the Superintending Engineer of the 7th Division brings to notice that, as the

punkahs originally put up in the Barracks at Cannanore had to be taken down in 1850 on a representation that the Soldiers were incensed by them, His Excellency the Commander-in-Chief is of opinion that it will be sufficient for the present to provide punkahs in the Barracks of two Companies of European Infantry. Believing that the supply of punkahs, whether to the entire Barracks or only to those occupied by two Companies of the European Regiment, will be a question for consideration when the Budget for 1862-70 comes under review, Colonel Walker proposes that punkahs should be at once provided at least in the Hospitals where they cannot but prove useful. The cost of this arrangement is estimated at Rupees 1,651.

2. Colonel Walker's proposal will accordingly be referred, through the Military Department, to the Commander in-Chief for an expression of the views of His Excellency on it.

Sir,

In submitting the accompanying Estimate for punkahs to the Barracks at Cannanore, Calicut, and Malliapooram, aggregating an amount of Rs. 1,651, called for in the Budget of 1862-70, I have the honor to state that His Excellency the Commander-in-Chief recommends that punkahs be put up at Cannanore for 2 Companies of European Infantry only, and that the remainder be provided if, after trial, there are not objected to - so that the public should not again be put to needless expense as was the case in 1857, but under circumstances with which I am not acquainted.

2. There can be no question, however, as to the desirability of punkahs for Hospitals; and therefore request permission to supply the same at once, before it is too late, at a cost of Rs. 1,295 at Cannanore out of the total estimate of Rs. 14,340, of Rs. 150 out of Rs. 166 at Calicut, and Rs. 190 out of Rs. 1581 at Malliapooram - Funds will probably be available from savings.
