*Proceedings of the Madras Government, Public Works Department,
2nd December 1868.*

No. 46. Read the following Proceedings of the Madras Government in the
Marine Department:—

Requesting the Public Works Department to
call upon the Superintending Engineer, 6th Division, to report on the execution of certain repairs
in connection with the Negapatam Jetty. } (Here enter 19th November 1868, No. 319.)

No. 47. ORDER THEREON, 2nd December 1868, No. 3,760.

CIVIL WORKS, No. 4.

Communicated to the Superintending Engineer of the 6th Division, who will submit the required report as early as practicable.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

The foregoing letter will be referred to the Public Works Department, with a request that the Superintending Engineer, 6th Division, may be called upon to report whether the repairs, for which the estimates submitted provide, will make the Jetty at Negapatam permanent, or whether an immediate larger expenditure to secure this object would not be more economical. It is observed that there have been constantly recurring charges for this work.

(True Extract.)

M. S. S.
Chief Secretary.

To the Public Works Department, with the estimates.

„ Master Attendant, Madras.
„ Collector of Tanjore.

Ed. J. H. Bura.

*Proceedings of the Madras Government, Marine Department,
19th November 1868.*

No. 24. Read the following letter from the Master Attendant, Madras, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 23rd October 1868, No. 4158.

Administrative Department.

Government, in their Order marginally noted, sanctioned an outlay of Rupees 1,560, in the aggregate, for works of restoration and defence to the Negapatam Jetty. Of this amount, however, a sum of Rupees 1,040, and another item of Rupees 300, were met from Imperial Funds, in consequence of the then available balance to the credit of the Negapatam Port Fund being required for the construction of a Light Column at that place.

2. I have now the honor to submit two estimates received from the Collector of Tanjore, and to recommend their sanction from Port Funds.

3. The estimate for Rupees 1,450,750 of which it is proposed to expend during the current year, is for renewing the face of the Jetty, which has been much worn and injured, from low water mark to one and a half foot above it, by cargo boats laying alongside. With the sum allotted in the Government Order already quoted, 66 feet of the facing was replaced, and the Superintending Engineer now proposes to repair a further length of 180 feet, beginning from the point where the former work has ceased.

4. The other estimate is a supplemental one, and has reference to the defensive works alluded to above as having cost Rupees 300. An error appears to have been made in calculating the cost of the palmyrah and sand fence, which was estimated at four instead of six Annas per lineal yard. The consequence is that the original sum sanctioned has been exceeded by Rupees 105, the transfer of which amount is now solicited.

No. 25. ORDER THEREON, 19th November 1868, No. 519.

The foregoing letter will be referred to the Public Works Department, with a request that the Superintending Engineer, 6th Division, may be called upon to report whether the repairs, for which the estimates submitted provide, will make the Jetty at Negapatam permanent, or whether an immediate larger expenditure to secure this object would not be more economical. It is observed that there have been constantly recurring charges for this work.

(True Extract).

M. S. S.
Chief Secretary.

To the Public Works Department, with the estimates.

.. Master Attendant, Madras.

.. Collector of Tanjore.
