*Proceedings of the Madras Government, Public Works Department,
2nd December 1868.*

No. 64. Read the following Proceedings of the Madras Government in the Military Department, dated 1st December 1868, No. 4,675:—

Read the following letter from the Quarter Master General, to the Secretary to Government, Military Department, dated Fort St. George, 30th November 1868, No. 8,175.

1. I have the honor, herewith, to forward, for the information of Government, a letter from the Superintending Engineer, 7th Division, regarding the accommodation for Troops at Beypore.

2. With regard to Mr. Allon's house, His Excellency the Commander-in-Chief is of opinion that the house should be given up until it is reported by the Engineer as fit for occupation; but, in a letter this day received from the proprietor, it appears that the matter is before Government in the Public Works Department.

3. The huts in course of erection for the Troops will be reported upon as soon as completed.

4. The early construction of a platform near the encamping ground, as sanctioned by Government, is most essential.

From the Superintending Engineer, 7th Division, to the Quarter Master General, Madras, dated Camp at Tiroor, 27th November 1868, No. 207.

1. I have just visited Beypore, and have the honor to report, for the information of His Excellency the Commander-in-Chief, that four sheds will be ready for occupation on the 28th instant, and that I directed the Executive Engineer at Calicut to make known that fact to the Officer Commanding Calicut, in case they should be required to supplement or partially supersede the tent accommodation already prepared for troops expected about that date from Bombay. I took occasion, also, to mention the fact to Dr. James, whom I found at Beypore, awaiting the arrival of those troops. Materials for the remainder of the sheds have been laid in, and I directed that their completion should be hastened by the employment of more laborers. I was much pleased with the way in which they had been put up, and hope they will give satisfaction. The estimates and ground plan will be submitted shortly.

2. But my object in now writing, is to point out that, apparently, no steps have been taken for putting up the platform by which troops will be marched into and out of the Railway carriages. The Resident Railway Engineer, to whom I spoke about it, is only waiting authority to undertake the work; and as I believe it will involve purchase of a small piece of ground fronting the rail, outside the encampment boundaries, something should be done at once to obviate further delay.

3. Also, in the matter of Mr. Allon's house, I have no orders to repair it, and no steps are being taken by the owner to do so. Yet till repaired it would be useless to rent it, for I could not recommend any one being allowed to inhabit it, until the whole of the flat ceiling shall have been taken off, and a thatched roof substituted. The flat roof of one of the rooms has already fallen in.

RECEIVED

Nov. 21/68

The Quarter Master General
has the honor to acknowledge the receipt of
your letter of the 17th inst. at Bayport, Madras
and to inform you that the same has been
forwarded to the proper authorities.

No 204

Sup. Engineer Office, 7th Div.
Bayport, Nov. 21, 1868

From
Colonel G. M. Walker, R.E.
Superintending Eng. 7th Division.
To The Quarter Master General,
Madras

Sir I have just visited Bayport, and
have the honor to report for the informa-
tion of His Excellency the Commander in-
Chief, that 4 sheds will be ready for
occupation on the 20th Instant, and
that I directed the Executive Engineer
at Calicut to make known that fact
to the Officer Commanding Calicut,
in case they should be required to
supplement or partially supersede the
tent accommodation already pre-
pared for troops expected about that
date from Bombay. I took occa-
sion also to mention the fact to
the garrisons, whom I found at Bayport
awaiting the arrival of those troops.
Materials for the remainder of the
sheds have been laid in, and I directed
that their completion should be hastened
by the employment of more laborers. I
was much pleased with the way

in

in which they had been put up, and
hope they will give satisfaction. The
estimate and ground plan will be
submitted shortly.

2. But my object in now writing
is to point out that apparently no steps
have been taken for putting up the platform
by which troops will be marched
into and out of the Railway Carriage.
The Resident Railway Engineer, to whom
I spoke about it, is only waiting author-
ity to undertake the work, and as
I believe it will involve purchase of
a small piece of ground fronting
the Rail, outside the circumferential
boundaries, something should be done
at once to obviate further delay.

3. Also, in the matter of Mr.
Allan's house, I have no orders to
repair it, and no steps are being taken
by the owner to do so. Yet till repaired
it would be useless to rent it, for I
could not recommend any one being
allowed to inhabit it, until the whole
of the flat ceiling shall have been
taken off, and a thatched roof sub-
stituted. The flat roof of one of the rooms
has already fallen in.

Proceedings of the Madras Government.
December 1868.

Read the following Paper.

Quarter Master General's Office,
Fort Saint George, 20th December 1868.
4th 8176

From
Colonel C. G. G. G.,
Quarter Master General,
Major General R. Marshall,
Secretary to Government,
Military Department.

I have the honor hereunto to forward, for
the information of Government, a letter from the
Superintending Engineer, Division, regarding the
accommodation for troops at Bangalore.

2. With regard to Mr. Allan's House, the
excellency the Commander-in-Chief is of
opinion that the house should be given up
until

until it is reported by the Engineer as fit for occupation, but, in a letter this day received from the proprietor it appears that the matter is before Government in the Public Works Department.

3. The Rate in course of action for the troops will be reported upon, as soon as completed.

4. The early construction of a Platform near the manufacturing ground, as sanctioned by Government, is most important.

Thine, &c.
