*Proceedings of the Madras Government, Public Works Department,
5th December 1868.*

No. 130. Read the following letter from the Officer in charge of the Superintending Engineer's Office, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 13th November 1868, No. 4,000 :—

1. I have the honor to forward, for the sanction of Government, an estimate of Rupees 12,760 for re-metalling eleven miles of Trunk road No. VIII, (being a portion of the road from Madras to Trichinopoly,) viz., the 48th and 50th to 59th miles. The 49th mile will be undertaken out of that annual maintenance.

2. Colonel Boileau informs me that he recently passed twice over the portion of the road in question, and he found the old metalling worn almost completely away, and the earth base cropping up in all directions.

3. The amount allowed for the up-keep of Trunk road No. VIII in No. 4 (or Mr. Leggatt's) Range, Madras District, is Rupees 6,000 for nineteen miles, and this is only found sufficient for actual maintenance, with the occasional re-coating of a mile or two.

4. The Government will remember that in their Order No. 1,292, dated 12th May 1835, they sanctioned the sum of Rupees 7,020 for re-coating eleven miles of the same road, and Colonel Boileau states that, on his late visit, he found that portion in excellent order.

5. As regards the section of road for which sanction is now solicited, I may observe that allowance has been made for it by an entry of the sum, Rs. 12,760, in Part II of the Budget for 1869-70, Item No. 105, heading "Communications."

No. 131. ORDER THEREON, 5th December 1868, No. 3,801.

CIVIL WORKS, No. 13.

The Government sanction the estimate of Rs. 12,760 for re-metalling eleven miles of the Trunk Road between

Madras and Trichinopoly within the limits of the Madras District, and will provide the requisite funds for the work in the out-going Budget.
