*Proceedings of the Madras Government, Public Works Department,
7th December 1868.*

No. 155. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Cuddapah, 24th November 1868, No. 3,153 :—

1. In continuation of my previous letter, (not having the record with me, I cannot give the number and date,) in the beginning of this month, I have the honor to submit, for the consideration of Government, the accompanying letter from Overseer T. Parthasarathy Mudali, together with certificate from the Medical Officer at Vellore. I have not as yet received a copy of the Overseer's case, called for by Government.

2. From my own knowledge of this Overseer when he was under me in the Nellore District, when I found him untruthful and inattentive, and from the subsequent remarks made in his register, of sluggishness and unwillingness to carry out orders, I would have no objection to his being transferred; but at the same time I think it right to point out to Government that, when in Nellore, Parthasarathy Mudali was employed in a talook on the sea coast, that he got sick there, went from thence to Madras, and then suddenly moved inland to Vellore.

No. 156. ORDER THEREON, 7th December 1868, No. 3,814.

ESTABLISHMENT, No. 18.

Ordered to lie over pending the receipt of the statement of the Overseer's case called for in G. O., No. 3,359 of the 24th October 1868.

In continuation of my previous letter (not having the record with me I cannot give the number and date) in the beginning of this month I have the honor to submit for the consideration of Govt. the accompanying letter from Anwar S. Pasha -sara they Mudali, together with Certificate from the Medical Officer at Vellore. I have not as yet received a copy of the Overseer's case, called for by Govt.

From my own knowledge of this Pasha when he was under me in the Station District, where I found him untruthful & inattentive; and from the subsequent remarks made in his Register of the goodness and unwillingness to carry out orders I would have no objection to his being transferred; but at the same time I think it right to point out to Govt. that, when in Station Pasha as sara they Mudali was employed in a Salook on the sea coast, that he got sick there, went from thence to Madras and then suddenly moved inland to Vellore.

This image displays a highly textured, black-and-white surface. The texture is characterized by a dense, irregular pattern of dark, elongated, and somewhat parallel ridges or fibers running diagonally from the top-left towards the bottom-right. Interspersed among these primary features are numerous smaller, dark, speck-like inclusions and voids, creating a complex, almost organic appearance. The overall effect is one of extreme contrast and tactile roughness, similar to a microscopic view of a mineral or a close-up of a coarse fabric.
