*Proceedings of the Madras Government, Public Works Department,
8th December 1868.*

No. 173. Read the following letter from the Inspector General, Indian Medical Department, to the Chief Secretary to Government, Public Department, dated Fort St. George, 30th November 1868, No. 378:—

1. I have the honor to report, for the information of Government, that the building adjoining the General Hospital, formerly occupied by female patients, has now been vacated.

2. The Inspector General of the British Medical Service has obligingly placed at my disposal, for the accommodation of the Assistant Surgeon and the two doing duty Medical Officers attached to the General Hospital, the building opposite to the one above named, which will require nothing more than white-washing and a few trifling repairs and alterations to adapt it for this purpose; and I would therefore respectfully recommend that the building just vacated, which is in a dilapidated condition, interferes with the ventilation of the Hospital, and is a very unsightly object, may be demolished and removed as soon as practicable.

Referred to the Public Works Department, with a view to early orders being issued for the demolition of the building near the General Hospital recently used as a Hospital for women.

FORT ST. GEORGE,
1st December 1868.
