ESTABLISHMENT, No. 24.

Colonel, R. E.,
Secretary to Government.

*Proceedings of the Madras Government, Educational Department,
26th November 1868.*

No. 74. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 28th October 1868, No. 2356.

I have the honor to submit a letter, No. 346, of the 26th instant, from the Principal of the Civil Engineering College.

2. It appears that, by an order in the Public Works Department, a Mr. Monsarratt, belonging to that department, has been desired to study for six months in the Civil Engineering College. Mr. Monsarratt will, of course, join the Senior Department, which, however, has already its full complement of students; and I request that Government will be pleased to decide whether this gentleman is to pay the usual fee, or to receive instruction gratis.

3. I beg respectfully to observe that I think it would be well, before an order is given for an exceptional admission like the present, that an opportunity should be afforded to the Principal of the College of judging whether the admission is likely to conflict with the teaching arrangements of the College. The course is a two years' one; and it scarcely seems advisable that, in addition to the ordinary class work at a particular time, the Masters should be called on to undertake certain other work of a special character. In fact the point may be said to be settled implicitly in Government Order, No. 331, of the 24th October 1867, though that order had immediate reference to Military students of the 2nd Department of the College.

From the Principal of the Civil Engineering College, to the Director of Public Instruction, Madras; dated Chepauk, 26th October 1868, No. 346-D.

I have the honor to inform you that Mr. Monsarratt, a Probationary Acting Assistant Engineer in the Public Works Department, reported himself to me this morning, and said that he had been ordered by Government to study at the College for six months.

2. As I had not seen the order of Government, I at once applied to the Secretary to Government, Public Works Department, and obtained it, (No. 3135, dated 6th instant,) a copy of which is herewith enclosed.

3. Under the terms of this order I cannot but admit Mr. Monsarratt into our 1st Department, but at the same time I would desire to point out that that department is up to its maximum strength, as prescribed in Government Order in Educational Department, No. 290, dated 13th August 1868, and therefore some special reference from you regarding his admission would appear to be necessary.

4. Mr. Monsarratt being now a member of the Public Works Department, and having been directed to join the College, would hardly, I presume, stand on the same footing as the other students of the 1st Department, as regards payment of fees, &c, and on this point I request the orders of Government.

Proceedings of Government, Public Works Department, dated 6th October 1868.
Read again letter from the Superintending Engineer of the 8th Division, under date 10th, and recorded in Proceedings of the 24th August 1868.

Order, 6th October 1868, No. 3135.

On re-consideration, the Government resolve to modify their Order, No. 2705, of the 24th August 1868, and to permit Mr. Monsarratt, Acting Assistant Engineer, on probation, to proceed to Madras to study at the Civil Engineering College for six months.

*Proceedings of the Madras Government, Educational Department,
26th November 1863.*

No. 75.

ORDER THEREON, 26th November 1863, No. 297.

With reference to paragraph 2 of the letter above recorded, the Governor in Council directs that Mr. Monsarratt shall be required to pay the usual fees during the period he is a student in the Civil Engineering College.

2. His Excellency trusts that no inconvenience, such as is anticipated by the Director of Public Instruction, will arise from the addition to the ordinary class work involved, in Mr. Monsarratt being permitted, as a special case, to join the College for a period of six months.
