*Proceedings of the Madras Government, Public Works Department,
12th December 1868.*

No. 276. Read the following letter from the Officer in charge of the Superintending Engineer's Office, 8th Division, to the Secretary to Government, Public Works Department, dated Palamcottah, 27th November 1868, No. 1,956:—

With reference to G. O., No. 3,636, of the 20th November 1868, I have the honor to request that Lieutenant Pennycuik may have drawing credit in the Madura District, as the Officer in charge of the Perryaur Ghaut works. The Cumbum valley is in the 2nd Range, but the foot of the ghaut is eighty miles from Dindigul, the Range Officer's head-quarters, and twenty miles from the nearest Tappal Office. The 2nd Range Officer must furnish funds just at present, but references to him would take a long time to be complied with; and it will save much trouble if Lieutenant Pennycuik has a cheque book, to draw money independently, from the Pereacolum Talook Treasury.

Referred to the Controller of Public Works Accounts, who will report whether there is any objection to the proposed arrangement.

(Signed) CHARLES A. ORR, Colonel, R. E.,

MEMORANDUM.

1. The undersigned has the honor to state that there are no objections to Lieutenant Pennycuik being provided with a cheque book, to enable him to draw money direct from the Pereacolum Talook Treasury.

2. In order, however, to avoid the necessity for treating the Perryaur Ghaut works as a distinct Range, and requiring the submission of separate accounts for those works, the credits intended for them should be shown in the accounts of the Officer in charge of the 2nd Range, who will empower Lieutenant Pennycuik to draw cheques on a fixed standing imprest, which will be placed monthly at his disposal in the Pereacolum Talook Treasury.

3. The outlay incurred during the month by Lieutenant Pennycuik, and his cash balance in chest, and at drawing account in the Talook Treasury, should appear in the Account Current of the 2nd Range Officer.
