*Proceedings of the Madras Government, Public Works Department,
16th December 1868.*

No. 372. Read the following letter from Mr. J. BLACK, Superintendent of the Madras Pier Works, to the Secretary to Government, Public Works Department, dated Madras, 9th December 1868 :—

1. As my duties demand my presence daily at Chepauk and at the Pier, I beg respectfully to request that you will be pleased to sanction the grant to me of carriage allowance. I find that the Government grant similar indulgence to their servants when their duties require their attendance at more than one place, and I therefore respectfully solicit that a similar indulgence may be extended to me.

2. I am at present paying Rupees 60 monthly for a conveyance, and I earnestly hope that considering the duties required of me, you will not consider the grant of the above amount too much.

No. 373. ORDER THEREON, 16th December 1868, No. 3,919.

ESTABLISHMENT, No. 39.

Under the circumstances represented in this letter, the Government authorize the Controller of Public Works

Accounts to pass to Mr. Black carriage allowance at the rate of Rupees 60 per mensem, the charge being debited to the work on which he is at present employed, pending the grant of a specific assignment of funds.

*Proceedings of the Madras Government, Public Works Department,
16th December 1868.*

No. 374. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, dated Camp at Katnaad, 3rd December 1868, No. 161 :—

I have the honor to forward the accompanying letter and its enclosures for submission to Government, as requested therein. And I would respectfully add, that I consider Lieutenant Cumming's request as reasonable, and such as would not be objected to by any Engineer Officer senior to him, now a 4th class Executive Engineer in the Department, as Lieutenant Cumming agrees to give place to them on their transfer to the 3rd Grade List. He only desires that he be not deprived of the rank and pay attained in the Burmah List by re-transfer to the Madras List. And his being made a Supernumerary 3rd Class Executive Engineer will be sufficiently accounted for to the Government of India by the peculiar circumstances of his case.

From Lieutenant W. G. CUMMING, R. E., Executive Engineer, 4th Grade, Malabar, to the Superintending Engineer, 7th Division, dated Calicut, 27th November 1868.

1. I have the honor to lay before you the following circumstances connected with my transfer to Madras, and beg to request that you will be good enough to forward this letter to the Government of Madras, together with such remarks as you may think advisable.

2. In January 1864, the Government of India circulated a letter through the Government of Madras, stating that they were willing to employ Junior Officers of the Royal Engineers (Madras) for whom no vacancies existed in the Public Works Department of their own Presidency. In conformity with this Circular, I volunteered for service under the Government of India, and was appointed a Probationary Assistant Engineer, and ordered, by telegram, to proceed without delay to the Andaman Islands.

3. I arrived at Port Blair, Andaman Islands, on the 3rd March 1864, and served without interruption in that settlement until the 19th August 1868, the date on which I was relieved of my appointment in order to return to this Presidency.

I gradually rose in the Public Works Department of British Burmah until, on the special recommendations of the Superintendent of Port Blair, and the Officiating Chief Engineer of British Burmah, I was appointed Executive Engineer of the Port Blair Division in July 1866, with the rank of 4th Grade Executive Engineer, antedated to the 1st April 1866.

I would beg to attach copies of certificates as per margin, obtained from time to time from

the Government of India, the Chief Engineers of British Burmah, and the Superintendent of Port Blair, which on perusal will show that it was owing to my services in the Port Blair Division, that my promotion in the Public Works Department was accelerated.

4. On my being retransferred to the Madras Presidency in June last, I was the Senior Executive Engineer of the 4th Grade in British Burmah, and my name was at the head of the promotion roll of 4th Grade Executives, which the Chief Engineer of British Burmah forwarded to the Government of India. But for this transfer, as stated in the letter marginally

- No. 1. Proceeding of the Chief Engineer of British Burmah, Port Blair Division, No. 3 of the 8th May 1863.
2. Dated Rangoon, 9th July 1868, No. 242-127 E, from the Officiating Chief Engineer British Burmah, to Lieut. W. G. Cumming, R. E., Assistant Engineer, Port Blair Division.
3. Extract from the Inspection Report of Colonel Fraser, R.E., on the Port Blair Division, issued 18th February 1868, paragraph 23.
4. Port Blair Proceeding, No. 121 of the 28th February 1868.
5. Port Blair Proceeding, No. 15 of the 18th April 1868.
6. Extract of a letter from Colonel Mearns, Superintendent of Port Blair, to the Chief Commissioner, British Burmah, dated Port Blair, 15th June 1868.
7. Port Blair Proceeding, No. 51 of the 24th June 1868.
8. Letter No. 1,094 E, from the Government of India, Public Works Department, Establishment, to the Chief Commissioner, British Burmah.
9. Letter No. 625,115 E, from the Secretary to the Chief Commissioner, British Burmah, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Rangoon, 14th September 1868.

Proceedings of the Madras Government. Public Works Department.
16th December 1868.

* Letter No. 533-115 E, from Secretary Chief Commissioner, British Burmah, to Secretary to Government of Madras, Proceedings, dated Rangoon, 14th September 1868.

noted, * "I would have undoubtedly been promoted to the rank of 3rd Grade Executive Engineer." This statement is now fully borne out by the fact that Lieutenant Tomkins of the Royal Engineers (Bengal), who was six months my junior in the British Burmah, Public Works Department, and whose name was placed on the promotion roll below mine, was promoted to the rank of Executive Engineer 3rd Grade on the 1st of October last.

5. I now find that on my transfer to this Presidency, I am brought on the strength of the Madras Public Works Department, as an Executive Engineer of the 4th Grade, from the 8th August 1868, whereas I was a 4th Grade Executive Engineer in charge of a large Division, so far back as April 1866. I find also that I am now junior to Officers who were only 1st and 2nd Grade Assistant Engineers at the time when I was a 4th Grade Executive Engineer. I cannot therefore but feel that I have lost exceedingly by my retransfer to Madras, more especially as I would have much preferred to have remained under the orders of the Government of India.

6. In consideration of the above facts, and the attached extracts and letters of recommendation, I would now beg to request that my case be taken into the favorable consideration of the Government of Madras, with the view of my being promoted to the rank of Supernumerary 3rd Grade Executive Engineer. As this arrangement would probably make me slightly senior to Engineer Officers above me in the corps, I would have no objection to allow such Officers to supersede me when promoted to 3rd Grade Executive Engineer.

Colonel Fraser, C. B., R. E., the Chief Engineer of British Burmah, has assured me that he will be glad to have my services again in Burmah. If the above promotion cannot be granted, I would respectfully beg to request that my services be replaced at the disposal of the Government of India, for employment in British Burmah.

No. 375.

ORDER THEREON, 16th December 1868, No. 3,920.

ESTABLISHMENT, No. 40.

The Superintending Engineer of the 7th Division will inform Lieutenant Cumming that his claims to promotion to the rank of Executive Engineer of the 3rd Grade will be taken into consideration, when an opportunity offers, in connection with those of other Officers holding the same position in the Department.

Lieut. W. J. Cunningham, F. E.
Assistant Engineer

Port Blair Division
Rangoon 9th July 1868

Si

I cannot allow you to hand over charge of the Port Blair Division to Mr. F. Marshall Esquire without expressing to you my heartfelt satisfaction at the very excellent manner in which you have conducted the duties of the division while in officiating charge for nearly the past four months.

2. Your Accounts, Estimates reports &c. have all been admirably rendered. And with such promptitude as to show that you have devoted your whole time & attention not only to your out door duties but to every thing connected with the position you held.

3. And so completely have you given me satisfaction in the discharge of your duties and shown yourself so perfectly capable of conducting the operations of a large and important division that it was with the utmost regret I ^{find} myself compelled by the exigencies of the Department to send an Executive Engineer to Port Blair, which I hope you will thoroughly understand and though reverting to a subordinate position in consequence of this exigency. You may rest assured that any good services with the Chief Commissioner and with the Government of India will not be wanting as opportunity offers to get you permanently promoted to the Executive grade.

4. Should Mr. Marshall at any time desire a transfer from Port Blair, every endeavour will be made to retain you as officiating Executive Engineer of the Division.

I have the honor to be
Your most obedient Servant

The Secretary to the Government
Fort Saint George
P.W. Department

Madras
Dated Mangalore 4th September 1868

Sir,

In accordance with the orders of the Government of India, Lieutenant W. G. Cunningham R.E. Executive Engineer 4th Grade has been directed to proceed to Madras by the steamer leaving this Port on the 18th instant.

The Chief Commissioner of British Borneo desires to bring to the notice of His Excellency the Governor of Madras in Council, the excellent services rendered by this Officer ever since he has been employed in the P.W. Department of this Province. Both Colonel Oliphant R.E. and Colonel Fraser R.E. the former and present Chief Engineer of British Borneo have borne the most unqualified testimony to the zeal and ability exhibited by him uniformly for a period of 4 1/2 years. It is with much regret that the Chief Commissioner parts with Lieutenant Cunningham.

But for his transfer to the Madras P.W. Department, Lieutenant Cunningham would have undoubtedly been promoted to the rank of 3rd Grade Executive Engineer in recognition of his good service, and the Government of India have informed the Chief Commissioner that they "will bring his merits to the notice of the Government of Madras." The Chief Commissioner would therefore ask that the promotion

so deservedly earned by Lieutenant Cunningham may be accorded to him on the first opportunity so that he may not lose either in pay or promotion by his transfer.

Colonel G. V. Walker R.E. Engrs. Engineer 7th Division

Dated Calicut 27th November 1868.

Sir

I have the honor to lay before you, the following circumstances connected with my transfer to Madras, & beg to request that you will be good enough to forward this letter to the Government of Madras, together with such remarks as you may think advisable.

In January 1864, the Government of India circulated a letter through the Government of Madras, stating that they were willing to employ junior Officers of the Royal Engineers (Madras) for whom no vacancies existed in the P.W.D. of their own Presidency - In conformity with this circular, I volunteered for service under the Govt. of India, and was appointed a Probationary 4th Engineer, and ordered, by telegram, to proceed without delay to the Andaman Islands.

I arrived at Port Blair, Andaman Islands on the 3rd March 1864, and served without interruption in that settlement until the 19th August 1868, the date on which I was relieved of my appointment, in order to return to

this Presidency.
I gradually rose in the P.W.D. of British Burmah until
on the special recommendations of the Superintendent of Port
Blair & the officiating Chief Engineer of British Burmah
I was appointed Executive Engineer of the Port Blair Division
in July 1866, with the rank of 4th grade Ex-Engr. antedated to the 1st April 1866.

I would beg to attach copies of certificates
as per margin, obtained from time to time from the Govt. of
India, the Chief Engineers of British Burmah, and the
Superintendent of Port Blair, which on perusal will show
that it was owing to my services in the Port Blair Division
that my promotion in the P.W.D. was accelerated.

4 On my being retransferred to the Madras
Presidency in June last, I was the Senior Executive Engineer
of the 4th grade in British Burmah, and my name was
at the head of the promotion roll of 4th grade Executives,
which the Chief Engineer of British Burmah forwarded to the
Government of India - But for this transfer as stated in
the letter, marginally noted, I would have undoubtedly
been promoted to the rank of 3rd grade Executive. This
statement is now fully borne out by the fact, that, Lieut.
Normans of the Royal Engineers (Bengal) who was 6 months
my junior in the British Burmah P.W.D. and whose name
was placed on the promotion roll below mine, was promoted
to the rank of Executive Engineer 3rd grade on the 1st of October last.

I now find that on my transfer to
this Presidency, I am brought on the strength of the
Madras P.W.D. as an Executive Engineer of the 4th grade, from
the 8th August 1868, whereas I was a 4th grade Executive
