*Proceedings of the Madras Government, Public Works Department,
16th December 1868.*

No. 388. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 23rd November 1868, No. 4,138:—

1. In August last the Deputy Assistant Quarter Master General, Centre Division, drew attention to the state of the wall surrounding the large tank situated in the Lines of the Native Regiment quartered at Vepery.

1 Plan.
1 Estimate.

2. On inspection it was found that the wall had been undermined very considerably, and consequently was in a dangerous condition. It would be very costly to repair it, and there is not sufficient room on the road round the tank for a new wall. An estimate has, therefore, been prepared for knocking down the old work, and throwing the debris systematically, with a slope, to protect the bank from the action of the water, and to construct a palmyra railing at the edge of the road to prevent any accident to children or passers-by in the dark.

3. The Military authorities having written emergently on the subject, Colonel Boileau has ordered the commencement of the work.

4. I have now the honor of submitting the estimate which amounts to Rupees 640, illustrated by a plan, and of requesting that sanction may be accorded to the work from the following funds:—

Rupees 640 from the grant, Rupees 1,950 for improving the Regimental Hospital at Royapoorum, given in G. O., No. 1,715, dated 29th May 1868, and not now required under G. O., No. 2,220, dated 11th July 1868.

No. 389. ORDER THEREON, 16th December 1868, No. 3,927.

MILITARY WORKS, No. 29.

The estimate of Rupees 640, for enclosing a tank and constructing culverts in the Vepery Lines, is sanctioned, funds for the work being provided in the manner recommended in paragraph 4.

Superintending Engineer's Office
4th Division, Madras.
23rd November 1868.

No 1138

From

Lieutenant Colonel J. E. Bean R.E.
Acting Superintending Engineer 4th Division

To

Colonel C. A. Orr R.E.

Secretary to Government P.W.D.

Sir,

In August last, the Deputy Assistant Quarter Master General Centre Division drew attention to the state of the wall surrounding the large tank situated in the Lines of the Native Regiment quartered at Vepery.

On inspection it was found that the wall had been undermined very considerably and consequently was in a dangerous condition. It would be very costly to repair it, and there is not sufficient room on the road round the Tank for a new wall.

An estimate has therefore been prepared for knocking down the old work and throwing the debris systematically, with a slope, to protect the bank from the action.

action of the water, and to construct a palay
railing at the edge of the road to prevent
any accident to children or passers by in
the dark.

3. The Military authorities having written
urgently on the subject, Colonel Borden
has ordered the commencement of the work.

4. I have now the honor of submitting
the estimate which amounts to Rupees 650,
illustrated by a plan, and of requesting
that sanction may be accorded to the
work from the following funds.

Rupees 650 from the grant Rupees 1950 for
improving the Regimental Hospital at
Rajapooram given in G.O. No 1775 dated
29th May 1868 and not now required under
G.O. No. 2220 dated 11th July 1868.

I have the honor to be

Sir
