No. 407. Read the following Circular from the Government of India, Public Works Department, (Establishment,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 30th November 1868, No. 100 :—

Acting Allowances.

1. In supersession of existing orders, acting allowances will be passed to Officers of the Engineer and Account Establishments of the Public Works Department, under the following rules sanctioned in Financial Department, No. 2,909 of the 9th October 1868 :—

I.—An Officer appointed to act in a grade immediately superior to his own, shall draw the same allowance as if he were confirmed in that grade.

II.—When an Officer is appointed to act in a grade higher than that immediately superior to his own, he shall draw acting allowances calculated in the same manner as hitherto, but at the revised rates of 30 per cent. on Rupees 2,000 [or under], and 20 per cent. on the balance, if any, of the consolidated pay of the grade in which he is acting.

III.—When an Officer holding no substantive post acts in an appointment, he shall receive as hitherto acting allowances calculated at 50 per cent. of the consolidated pay of the grade in which he is acting, provided that the total salary drawn shall not exceed the full pay of that grade.

IV.—In the case of an Officer acting in an appointment the pay of which is progressive, his acting allowances under Rules II. and III. shall be calculated on the mean pay of the said appointment, provided that the whole salary so drawn shall not exceed the minimum pay of the said appointment.

2. The foregoing is not intended to interfere with the system under which promotions are regulated in the Public Works Department.

3. As a rule, no acting appointments will be made except as heretofore, vacancies caused by Officers going on furlough being filled up by the permanent half-yearly promotions in the grades of Executive and Assistant Engineers.
