*Proceedings of the Madras Government, Public Works Department,
19th December 1868.*

No. 470. Read the following Proceedings of the Madras Government in the Judicial Department, dated 9th December 1868, No. 1,857 :—

Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Cuddapah, 30th November 1868, No. 3,191.

Referring to the abstract of quantities for Talook Cutcheries, received with G. O., No. 2,791, of 1st September 1868, I have the honor to point out that the superstructure is proposed to be in mud. As the cost of doing the work in chunam is only about six pice per cubic foot extra, I would beg to know if it would not be advisable to build the Cutcherry and Subsidiary Jail, as also the Hospital shed, with chunam, which would only entail an extra cost of about Rupees 500.

REFERRED to the Judicial Department with a remark that, in the opinion of the undersigned, it is advisable to substitute brick-in-chunam for brick-in-clay in all the Cutcherry and Subsidiary buildings lately sanctioned. The extra cost will be inconsiderable.

FORT ST. GEORGE,
4th December 1868.

(Signed) C. A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

THE Government sanction the substitution of chunam for mud in the construction of the new Subsidiary Jails and Cutcheries, the difference of cost not being considerable.

No. 471. ORDER THEREON, 19th December 1868, No. 3,971.
