for the sanction of Government, the accompanying tabular statement of a partial re-arrangement of the Office Establishment of the Controller of Public Works Accounts, whereby the salary of the Head Accountant and Manager will be increased from Rupees 300 to Rupees 350 per mensem, by corresponding savings to be effected on the appoint-

ments noted in the margin, as vacancies occur.

2. The salary of Rupees 350, now recommended to be granted to the Head Accountant, is that fixed by the Government of India as the minimum for an Accountant, of the 1st grade, a position which, perhaps, this Government will not be unwilling to award to Mr. Lacey under the circumstances hereinafter detailed.

3. Mr. Lacey joined this Office on the 22nd July last, when the accounts of April 1867 were not closed, and when there were considerable arrears in the clearances, &c., &c. By determined perseverance and hard work, he has succeeded in disposing of the monthly accounts up to

Vide accompanying statement from the Accountant General, Public Works Department

October 1867, so that now there is really no arrears.

4. From his past experience of accounts, and his thorough knowledge of the system as laid down by the Government of India for the Public Works Department, Mr. Lacey has been able to take up all such matters in connection with the business of this Office as required prompt attention, and by timely explanations to the local authorities, and an effective supervision of the Division Auditors, he has prevented an accumulation of arrears, and placed the audit of this Office in a satisfactory footing.

5. The accounts of Civil Officers have also had a share of Mr. Lacey's attention, and the Government will be glad to learn that the balance of Rupees 1,99,721, which remained unaccounted for on the 31st March 1867, has now been reduced to little more than Rupees 50,000; while the current year's expenditure is being promptly adjusted.

6. Under these circumstances, I venture to solicit your favorable consideration to the claims of this useful public servant, and earnestly hope that, seeing Mr. Lacey has little or no prospect of advancement in this office, the small increase of Rupees 50 per mensem which I have above recommended, and which I consider him so greatly deserving of, will receive the early sanction of Government.
